**Von Neal Asher : Orbus (Spatterjay)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Orbus (Spatterjay):

KundenrezensionenHilfreichste Kundenrezensionen10 von 15 Kunden fanden die folgende Rezension hilfreich. same as usual...Von SkeptikerNeal Asher scheint nicht mehr viel Neues einzufallen....das Buch ist eine ermüdende Wiederholung von Dingen, die in den Spatterjay-Bchern alle irgendwie schon mal vorgekommen sind. Vrell, Sniper, Thirteen,... same as usual.Und auch der Schreibstil ist diesesmal ganz anders (er schreibt in der Gegenwarts-Form) -

gefällt mir aber nicht so gut. Ich habe die bisherigen Romane von Neal Asher fast durchweg alle gemocht, und war bei Line War erstmals enttäuscht. Beim Lesen des Buches habe ich irgendwie das Gefühl bekommen, dass sich Asher lieblos etwas aus den Fingern gesaugt hat, weil er ein neues Buch veröffentlichen musste. Insgesamt ganz nett, aber doch irgendwie enttäuschend. Mal sehen was noch so von ihm kommt - sonst war das mein letzter Neil Asher

**Kurzbeschreibung**Orbus, the third book in Neal Asher's Spatterjay series, is the follow-up to The Voyage of the Sable Keech tracing the journey of an Old Captain, Orbus a sadist in charge of a crew of masochists - to a planetary wasteland called The Graveyard lying between the Polity and the Prador Kingdom. An ancient war drone by the name of Sniper has stowed away aboard his spaceship, and the purpose of the journey is not entirely what the captain expected. Also heading in the same direction is the Prador king and the Prador Vrell. Vrell, having been mutated by the Spatterjay virus into something powerful and dangerous, has seized control of a Prador dreadnought, killing much of its crew, and is intent on heading back to the Prador Third Kingdom to exact vengeance on the King of the Prador, who tried to have him killed. All three ships are heading towards a climactic confrontation to The Graveyard, where underlying truths about the virus are revealed and an ancient menace to civilization reappears . . .  
**Pressestimmen**Asher delivers a satisfying space opera full of adrenaline highs . . . Fast-paced fun. (SFX)Rail-guns rattle off, pulse rifles fire out shots and explosions ring out. This is what Asher does best. (SciFiNow)It is, like all of Asher's work, brilliant fun. (Deathray)Orbus hits every nail on the head, every time. Neal has not only delivered an excellent, enthralling and action-packed story, but probably his most accomplished and enjoyable novel to date. I honestly can't recommend this one highly enough.
