Von Eris Sage : Order of Alphas: Fever Complete Collection (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Order of Alphas: Fever Complete Collection (English Edition):

Kurzbeschreibung Michael Freiheit is a billionaire CEO who just so happens to be a wolf shifter. As a member of the sacred Order of Alphas and Alpha of his own pack, he's charged with protecting shifters and humans alike, and his authority is unquestioned by all under his command. Except for Aiden Walsh, that is. The curvy human doesn't even know that shifters exist, yet she has an infuriating habit of challenging him at every turn. But when a new and potentially deadly danger arises, Michael will have to put his feelings aside if he's to save Aiden, the aggravating human who he discovers is his most unlikely mate.
