**Von Margarita Felices : Ordinary Wins (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Ordinary Wins (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. I devoured this book in one sitting!Von Vanessa KI got really excited because finally I could put my hands on this book; the author sent me a copy for a fair and honest review.Its refreshing, short and very fast reading, I devoured this book in one sitting! I was completely hooked on every page.The part that I really enjoyed was when Nicci was a teenager, she was a rebel girl, not a gold digger and She hated every stupid girl that thought in big boobs to impress a

guy; just looking for a wedding ring (I laughed a lot in this part). When I finally read the whole book I felt that this was my own story, a non-supermodel girl that always has a way to find love. I am sure that a lot of persons will find this book very entertaining.

Kurzbeschreibung Have you ever worried that life has passed you by? They do say that life begins at forty. When Nicci Lace woke up one day and wondered where her life had gone, she never counted on what would happen to her next? What if you had the chance to jet off with someone famous that picked you over all those beautiful models? Ordinary you! It seems life really does begin at forty after all. Kurzbeschreibung Have you ever worried that life has passed you by? They do say that life begins at forty.
