Von J. D. Robb : Origin In Death (In Death, Book 21) before purchasing it in order to gage whether or not it would be worth my time, and all praised Origin In Death (In Death, Book 21):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Spannend wie immerVon -KundeIm neuen In-Death Buch von J.D. Robb geht es um einen Schnheitschirurgien, der ermordet wird. Ein spannender neuer Fall fr Eve Dallas und ihr Team und natrlich hilft Roarke auch wieder. Einige ungewhnliche Wandlungen sind enthalten.3 von 4 Kunden fanden die folgende Rezension hilfreich. It's got to be perfect.....Von Reshmadas knnte die Quintessenz dieses neuen Romans von J.D. Robb sein. Er ist - wie etwa alle anderen zuvor - sehr spannend und hat ein ungewhnliches Ende. Es geht um Schnheitschirurgie und perfekte Menschen und man sprt bei dieser Geschichte sehr stark, dass sie rund 50 Jahre in der Zukunft spielt. Man bleibt nach dem Lesen ein bichen mit einem zwiespltigen Gefhl zurck, wie die Zukunft vielleicht wirklich ausschauen knnte...

Aber J.D. Robb hat es wieder einmal geschafft, eine spannende und einmalige Crime-Story um ihre beiden Hauptprotagonisten Dallas und Roarke zu spinnen. Man sollte sich möglichst wirklich daran halten, die Romane in der richtigen Reihenfolge zu lesen. Ich habe es selbst nicht getan und dann ist es manchmal befremdlich, wenn Personen auftauchen, von denen es in früheren Romanen hieß, dass sie gar nicht existieren... Also darum besser mit Naked in Death anfangen und sich dann durcharbeiten, wobei diese Arbeit eindeutig ein Vergnügen ist. Nur, nicht vergessen - J.D. Robb hat in diesen Romanen so gut wie nichts von Nora Roberts! Es wird blutig und brutal und dramatisch und - ok, zwischendurch auch immer wieder ziemlich heiß zwischen Eve und Roarke. Warte schon auf den nächsten Band! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Klasse wie alle J.D. Robb Bücher... Von Customer Immer gute neue Ideen und fesselt das man es am liebsten nicht weg legt. Immer wieder gern. Selbst mein Mann kann die Bücher nicht weg legen.

Kurzbeschreibung Detective Eve Dallas tracks the cunning, cold-blooded killer of a doctor and his son in this novel in the #1 New York Times bestselling In Death series. A pioneer of modern reconstructive and cosmetic surgery, Dr. Wilfred B. Icové, is found dead in his office murdered in a chillingly efficient manner: one swift stab to the heart. Struck by the immaculate condition of the crime scene, Dallas suspects a professional killing. Security disks show a stunningly beautiful woman calmly entering and leaving the building the doctor's final appointment. Known as Dr. Perfect, the saintly Icové devoted his life to his family and his work. His record is clean. Too clean for Dallas. She knows he was hiding something and suspects that his son and successor knows what it is. Then, like father, like son, the young Dr. Icové is killed with the same deadly precision. But who is the mystery woman and what was her relationship with the good doctor? While her husband, Roarke, works behind the scenes, Dallas follows her darkest instincts into the Icové's past. What she discovers are men driven to create perfection playing fast and loose with the laws of nature, the limits of science, and the morals of humanity. From the Paperback edition. From Publishers Weekly Set in the year 2059, this latest in Robb's long-running series (Naked in Death, etc.) featuring acerbic Lt. Eve Dallas of the New York police is the best in recent memory. In the past, Robb has kept whiz-bang futuristic effects to a minimum, allowing her world to grow organically out of dialogue and characterization; this time she incorporates science fiction elements including the future of cosmetic surgery, cloning, scientific morality and physical mortality into her plot, giving the series a big shot of adrenaline. Eve and her partner, Det. Delia Peabody, are visiting the Wilfred B. Icové Center for Reconstructive and Cosmetic Surgery on a celebrity murder case when the center's founder, old Wilfred Icové, is discovered with a scalpel rammed into his heart. Wilfred Jr., also a surgeon at the center, is grief-stricken, as is his family and most of the rest of the country. Wilfred Sr., everyone agrees, was a saint. Except he wasn't, as Eve and savvy mystery readers will have already guessed. Eve gathers her usual crime-fighting crew around her, including her drop-dead gorgeous, fabulously wealthy, staggeringly brilliant husband, Roarke. Robb tones down the romance and ups the action ante as the team uncovers an increasingly horrific crime that builds to a race-against-the-clock climax that will have readers cheering. (July) Copyright Reed Business Information, a division of Reed Elsevier Inc. All rights reserved. **Pressestimmen** This time she incorporates science fiction elements including the future of cosmetic surgery, cloning, scientific morality and physical mortality into her plot, giving the series a big shot of adrenaline. Publishers Weekly The 21st chapter of this amazing series is filled with all the dark drama, intricate character dynamics and fascinating futuristic details that have made these books such winners. The ongoing love story between Eve and Roarke just keeps getting richer, as do the developing relationships of all those in Eve's life. RT Book s More Praise for the In Death series Robb is a virtuoso. Seattle Post-Intelligencer Its Law Order: SVU in the future. Entertainment Weekly J. D. Robb's In Death novels are can't-miss pleasures. #1 New York Times bestselling author Harlan Coben Anchored by terrific characters, sudden twists that spin the whole narrative on a dime, and a thrills-to-chills ration that will raise the neck hairs of even the most jaded reader, the J. D. Robb books are the epitome of great popular fiction. New York Times bestselling author Dennis Lehane
