An unparalleled literary masterpieceVon Ein KundeAlthough I first came across Genet reading "The Thief's Journal", I believe this to be his greatest work (if not the greatest work of modern fiction, better than "Ulysses"). His writing

lyrically flows and gives the work an organic unity. No other work, except "Swann's Way" by Proust, has the creative control and beautiful images Genet infuses in his work. A recommended read for all people. A shimmeringly beautiful work of fiction which makes the underworld and the sexual outlaw sublime. (Also, I'd recommend "City of Night" by John Rechy.) 0 von 0 Kunden fanden die folgende Rezension hilfreich. Genet's masterpiece Von Ein Kunde Certainly one of the greatest lyrical novels of all time. Takes the ideas of Sade, Baudelaire, Burroughs, Robbe-Grillet, Rimbaud, whoever, to a beautiful flowering of evil in which the human body is truly LIVED in and nothing is shirked. One sometimes underrated heir is Dennis Cooper ["Closer," "Try"]. Intense, incredibly shameless and intelligent, this is the novel that made Genet's name. Simultaneously psychological and anti-psychological, Genet explores and sanctifies outlaw behaviours such as homosexuality (when it was truly outlawed), thievery and murder. Read this in French if you can, but don't hesitate to read the translation if you can't. Sartre's introduction is trash, however (what did you expect?).

Kurzbeschreibung 'Our Lady of the Flowers', which is often considered to be Genet's masterpiece, was written entirely in the solitude of a prison cell. the exceptional value of the work lies in its ambiguity.
