Beautiful readVon skaWhen I first started the book, I wasn't so sure whether I really wanted to stick with it because I

had no idea where this was going and it seemed slow and boring. Well, being eased into a story slowly is not too bad, and I'm ever so happy I stuck with it. What a beautiful story! I loved the characters, their quirks and their challenges. I haven't read such a beautiful (yes, I said it again!) book in a long time! Definitely a keeper.

Kurzbeschreibung Kathleen Findlay is married to a cad, her mother is driving her crazy and her life is falling apart. Then her uncle dies, leaving her the familys Revolutionary-era home and, she believes, an escape from her chaotic marriage. But one afternoon, while searching for a rake, she discovers a man in her garden shed and a free fall through the centuries. As her life spins wildly out of control, Kathleen finds her heart and in the process, her own place in time. Kurzbeschreibung Kathleen Findlay is married to a cad, her mother is driving her crazy and her life is falling apart. Then her uncle dies, leaving her the familys Revolutionary-era home and, she believes, an escape from her chaotic marriage.
