Von Barbara Hannay : Outback Wife and Mother (Daddy Boom) before purchasing it in order to gage whether or not it would be worth my time, and all praised Outback Wife and Mother (Daddy Boom):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Fantastic work from a new Australian author. Von Ein KundeBarbara Hannay portrays the great Australian outback realistically, she brings life to it. It's not just dust and dirt. The heroine is instantly lovable. Moving from a city to the country takes some guts and you have to admire Ally for her courage to take on something she's not familiar with. Fletcher, although he comes across as immovable as an inanimant object but we get to see him change as the book continues. Also having the privilege to meet the author at a writers conference last year (and have her sign my book!) has made this title a

keeper on my shelf. This is a great romance.
