Von Brandt Legg : Outin (The Inner Movement Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Outin (The Inner Movement Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Breathtaking and IntenseVon Danielle Tara EvansThe spectacular ride that began in Outview continues in Outin, and it becomes even more exhilarating. Nate is still being hunted by Lightyear, and he is faced with predictions of horrifying events for the future that he must try to prevent. The future is constantly changing with every decision, and

his life and the lives of many others, including his friends', depend upon the choices they make. Nate also enters Outin for the first time, an amazing different dimension that is unlike anything you could ever imagine existing in our physical world. It is truly breathtaking. Legg uses words to paint a magnificent picture of Outin just as he does when describing the beauty that is on earth in our dimension. With the help of mystics and others in the Inner Movement, Nate tries to escape the grasp of Lightyear, while attempting to plan out how they can take it down. The story is intense, and there are some unexpected events and surprising revelations. Meanwhile, Nate is discovering more soul powers and is learning more about his past lives that may help the Inner Movement. And I kept wondering who Nate is meant to be with: Amber or Linh? Personally, I've been hoping it's Linh... The most pressing theme that I noticed in this book asks the question: can evil be stopped without using violence? In the real world, I don't believe that is possible. But perhaps, in Nate's world, it is. I am dying to know what is going to happen in the next book!

Von Warrior Princess "Outin" is the second book in Brandt Legg's Inner Movement science fiction/fantasy trilogy in which Nate, the protagonist, continues his quest to discover secrets of the past and avoid Lightyear. And the stakes are even higher in this story. The book has all the elements that make it an exciting thriller: there's time travel, loss of friends, decisions that can make a difference between life and death, love, and action-packed scenes. All those elements add up to a fantastic book, but that's what's visible on the surface, on the level of plot. There's much more to the story that many readers will find appealing. What I enjoyed most about this book (as well as the first book, "Outview") are the insightful philosophical and spiritual observations and beautifully-written imaginative descriptions that are woven into the fabric of the plot and into the lives of the characters. Here are some of them: "...only one thing can steal your powers - fear," "the future is a murky place shrouded by fog," and "fear prevents much." The theme of fear and overcoming fear to reach goals is a recurring one in this book, and the readers can't help but question their own ways of dealing with fear in their lives. I love Brandt Legg's use of language. He is a writer and a photographer, so his keen power of observation doesn't come as a surprise. But it still delights. I loved his description of the Rainbow Lake, with its "pockets and bands of bright Kool-Aid colored water - reds mixing with yellows, blending to orange, yellow overlapping blue turning green." What a cinematic image, making the lake come alive on the pages of this exciting novel! The language of this novel is precise and descriptive without being overly wordy. Here are just a couple of my favorite phrases: "the jumble of yellow cabs" (in Manhattan), "the joys of Dreams Lake helped disperse the morning's traumas," or "time was attacking us from many sides." A great novel that is both entertaining and philosophical. Recommended.

Von Sheryl "Outin" by Brandt Legg is the second in his Inner Movement trilogy and I can't wait for the third one. This is another fascinating blend of sci-fi/fantasy novel. We pick up where the first book ended. Can Nate defeat the most powerful government and military the world has ever known with peace and love? The portal opened onto the dark beach and Wandus greeted Nate and in his wonderful voice the reader can really hear his words of wisdom. "You have journeyed long since we last met, my friend. To death and back, to love and betrayal, anger and elation, peaceful victory and violent defeat... yes, you are old in your eyes now." I feel old. I'm lost and confused." He smiled. That is when the greatest treasures are closest." Like many of the mystics who are wise and grand in this book, Wandus is a favorite of mine. Legg is so imaginative and the windows into other dimensions are exciting and filled with so many creative futures and many things can go wrong. There are many great characters that are fully developed, whether loved or hated, they all compliment each other. Each alternate future holds keys to solving who is Lightyear? I hope many readers of all ages will read this story with many encouraging messages that are throughout both books. Begin with Book 1 "Outview" it sets the stage. I can't wait for book three as an old favorite enters again. Yay Rose! I received this copy for an honest review and as with the first book I loved it! 5 stars and impatiently waiting for Book 3

Kurzbeschreibung OUTIN, book two of The Inner Movement trilogy, from the USA TODAY bestselling author of The Last Librarian. A story of wonder, in which time and dimensions collide in an explosion of psychic phenomena and kaleidoscopic magic. Relentlessly pursued, seventeen year old, Nate Ryder embarks on a new journey where he faces impossible choices that transcend life and death. Aided by mystics, he struggles to find understanding on a frantic quest through extraordinary realms. If he can keep his friends alive, avoid Lightyear, and unravel crucial mysteries from the past . . . the Movement just might have a chance to change everything. A fast paced conspiracy thriller, set in present day Oregon and California, A teenager finds himself leading the Inner Movement in a worldwide non-violent revolution. But the Movement is the target of a centuries-old conspiracy and now Nate is pitted against nefarious forces so powerful, he must move between other worlds if he hopes to save this one. Filled with more than paranormal mystery and supernatural phenomena. In OUTIN, Nate is pushed to question life's great questions and philosophies in a search for the meaning of time itself. Across time and dimensions they are after him. Readers who enjoy contemporary, urban fantasy, metaphysical genres and books such as David Mitchells Cloud Atlas and The Bone Clocks, Paulo Coelho's The Alchemist, Neil Gaiman's The Ocean at the End of the Lane, James Redfield's The

Celestine Prophecy, Dan Millmans Way of the Peaceful Warrior, Night Circus and Snow Child are sure to love The Inner Movement trilogy A metaphysical fantasy thriller.

Shasta, Crater Lake, Oregon.ber den Autor und weitere MitwirkendeBest selling author, Brandt Legg is a former child prodigy who turned a hobby into a multi-million dollar empire. At eight, Legg's father died suddenly, plunging his family into poverty. Two years later, while suffering from crippling migraines, he started in business. National media dubbed him the "Teen Tycoon," but by the time he reached his twenties, the high-flying Legg became ensnarled in the financial whirlwind of the junk bond eighties, lost his entire fortune . . . and ended up serving time in federal prison for financial improprieties. Legg emerged, chastened and wiser, one year later and began anew in retail and real estate. In the more than two decades since, his life adventures have led him through magazine publishing, a newspaper column, photography, FM radio, CD production and concert promotion. His books have excited hundreds of thousands of readers around the world. For more information, or to contact Brandt, visit BrandtLegg.com, he loves to hear from readers and always responds!
