mit Kings Conquest zusammen Von mareike Wenn man Owner of My Heart kauf, sollte man auch den vorangegangenen Teil gelesen haben, sonst versteht man ein paar Dinge nicht. Ich habe beide Teile zusammengekauft und hintereinander gelesen und finde es gut, dass die Autorin den erzählenden Charakter ausgetauscht hat und am Ende zumindest was die Familienplanung angeht alles gut gelaufen ist. Trotzdem bin ich etwas enttäuscht was den Schluss angeht. Die geburt von vier Kindern luft super, aber sie sind noch immer im Krieg! Ich wrde gerne wissen, ob sie alle berleben und wie sich die Kids entwickeln und ob es noch mehr Nachwuchs gibt.

Kurzbeschreibung Mending the Rift: Prince Rin of the Kari Kingdom expected nothing more than a business arrangement when he signed the marriage contract with King Merinej of the Jeda Kingdom. Instead he found a supporting and caring husband willing to die for him. Where he only saw a bleak and lonely future, he received a loving one filled with his childrens mischiefs. From one war to the next, the rulers stand together as they face their trials, trying to lift their Kingdom from its blood-spattered knees, heal the old wound while withstanding the new and survive both the enemies at their borders as well as those from within. Owner of my Heart by Valentina Heart Book Two in the Mending the Rift series Can King Merin face his loss, save his husband and protect his kingdom, or have his enemies finally found a way to defeat him? When an enemy Merin thought defeated takes his unborn children away from him, hes at the end of his rope and still has to find enough strength to save his husband Rin from the clutches of sorrow. Unable to find peace, they must deal with an aggressor who plots to ruin any chance of happiness they might have. To make things worse, the newly united countries must prepare for a war against a vicious invading army thats using the weakened state of the kingdom for its benefit. How will Merin and Rin recover from their terrible loss and give their people heirs? Will the newly united countries work together as one to save Merins kingdom and his family from the ongoing dangerous challenges? Can love truly push through all obstacles, or will their enemies discover their weaknesses and finally achieve victory? Valentina Heart About the Author: Valentina Heart lives in different locations in Split, at the coast of the Adriatic Sea. Like the directions of her stories, her life takes a new twist with every passing year, and she welcomes every single one. As an avid reader for many years, she had a habit of mixing fiction with reality, until she realised she could simply breathe life to her characters and make them as real as they could get. From forever romantic to deeply troubled, they bring joy to their creator, just as they sometimes bring frustration with their naughty behaviour. Kinky imagination aside, she enjoys music and movies just as much as reading, but give her summer all year round and she'll be ready to free-climb, swim, or stretch in all those mind-stirring yoga positions.
