Von Clive Cussler : Pacific Vortex! (Dirk Pitt Adventure Series Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Pacific Vortex! (Dirk Pitt Adventure Series Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Great, great book!
Von Ein KundeThis is my first Clive Cussler book. A friend of mine recommended the author. This is the first DIRK PITT adventure. I think it is great for any reader. I read this when I was 12 and I had absolutely no problem understanding it. Clive Cussler explains everything so you won't be left saying, what? If your 12 and looking for a great book or 52 looking for a great book I would definitely recommend this book. As I said, this is my first Dirk Pitt novel and I look forward to experiencing the adventure of the rest of the books. Happy Reading! :-)
1 von 1 Kunden fanden die folgende Rezension hilfreich. Good, but not Cussler best, and not as good as Inca Gold
Von Ein KundeI thought the book was good, but Inca Gold is the best so far. The ending was sort of incomplete and left you hanging. All in all Dirk Pitt was invincible as usual, but not as challenged in Pacific Vortex as he was in Inca Gold.
0 von 0 Kunden fanden die folgende Rezension hilfreich. For the love of reading
Von Ein KundeI read this book about 11 years ago. I used to be someone who did everything to get away from reading. So, when my Brother told me about Pacific Vortex, I decided to skim through the first few pages to see what it was like. At about 3am the next morning I read the last page and have been a book junkie ever since. I consider Clive Cussler to be the reason why I started reading. I have never read a Pitt novel I didn't like and KNOW I never will. I just wish there were more to read. Maybe MR.Cussler should get together with James Gardner and write a book where Dirk Pitt and James Bond team up and save the world.....(ok, maybe not. But what the heck. Its all fiction anyway)

KurzbeschreibungFully armed and with all hands on board, the nuclear submarine Starbuck sailed into the calm Pacific Ocean for sea trials - and vanished. No wreckage, no signals, no survivors: nothing . . . until ace maritime troubleshooter Dirk Pitt finds a single, chilling clue in the shark-torn surf off Hawaii - the log of the Starbuck.'Do not search for us, it can only end in vain . . .' A crazed journal of madness and death is all that remains. And the Captain's final, scrawled, fear-crazed note locates the Starbuck's grave hundreds of miles from her last known position! The search for the Starbuck plunges Dirk Pitt into his most shattering assignment to date - a whirlpool of deep-sea mystery and terror - the Pacific Vortex!
PressestimmenDirk Pitt [is] oceanography's answer to Indiana Jones.The Associated Press
PressestimmenFor Raise the Titanic!: 'A great adventure thriller which spins from one dizzying climax to another ... Riveting ... simply super and very cleverly done' Publishers Weekly **
