Von Katharine Kincaid : Painted Horse (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Painted Horse (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. THE BEST BOOK IN 1998 EVER!!Von Ein KundeThere are a lot of talented authors out there. But Katharine Kincaid, she's the winner this year. My opinion of course. Never have I felt so moved as I have reading this book. What a talent. You have no choice but to relate to all the characters in this book. Matt Stone and Grace Livingston - from two different worlds have met to try and rescue Grace's sister and her two young children from the Indians who captured

and killed her husband. Grace hires Matt Stone, who is the only man who was willing to help Grace find her sister and her children. But first, Grace had to agree to carry her own weight. She had to learn to ride a horse, shoot a gun and live off the land. Imagine Grace - a person from Boston. A strong independent woman who is filthy rich and offers to buy her way into anything. Matt Stone didn't want her money, didn't want to be bought. I won't tell the story. Read it. They go through trials and shortcomings what no other couple would ever survive. I mean that! Read it... Great book. I shall never forget Matt and Grace as long as I live.

Kurzbeschreibung No finer horsemen ever rode the Llano Estacado or Staked Plain than the Comanches. Astride color-splashed Paint horses, they struck terror into the hearts of their enemies--but their glory days soon ended. Their leader, Quanah Parker, became a hunted outlaw and their splendid horses were callously destroyed...until one man set out to save them...Matthew Stone, captured and raised by Comanches and now eking out a living training horses for the U.S. Army, finds he cannot stand back and watch his adopted people starve to death--so he becomes Painted Horse, an avenging warrior whose exploits become the stuff of legends...Wealthy Boston socialite and businesswoman, Grace Livingston (known as "Amazing Grace"), arrives in Comancheria seeking help to rescue her beloved sister captured by Comanche rebels--only to find that the one man who can possibly assist her is the fierce renegade, Painted Horse--and he cannot be bought for any price... Grace Livingston is smart, beautiful, and extremely wealthy. When her sister Eleanor and children are captured by Comanches, Grace determines to save them. But upon her arrival in Indian Territory she quickly learns that her money and power count for little, and the only hope she has of saving her sister and the children lies with uncooperative Matthew Stone. Kidnapped by the Comanche and raised as a warrior, Matthew left the tribe to make his way in the white man's world as a rancher. Reluctant to help the Eastern woman, Matthew offers to take her with him into Comanche territory, but on his own terms. To his shock, Grace agrees. They join forces and set off on a journey that threatens their lives as they discover a love that is worth every risk of the heart, mind, and body that they face. Rich with historical detail and heroic characters, Painted Horse is truly a page-turner of a Western novel. --Lois Faye Dyer
