Lustige Vampir-Nerd-GeschichteVon Kristina SchneiderWer Carrie Vaughns Romane mag, wird an dieser Erzhlung viel Freude haben. Sie verfolgt hier die Fragestellung, was passiert, wenn drei Nerds zu Vampiren werden.Statt der blichen leicht berheblichen und eher aristokratisch wirkenden Vampire, in die sich die menschlichen Protagonistinnen sofort verlieben, trifft der Leser hier auf drei Jungvampire in einer WG, die ihr altes Single-Leben beibehalten haben und nur einige recht witzige Anpassungen an die vernderten Umstnde vorgenommen haben. Sehr amasant!

KurzbeschreibungSam has been a vampire for 15 years, and now he's having a midlife crisis. That is, if he were still human, he'd be turning 40 and having a midlife crisis. He's just met exactly the kind of woman he's always wanted -- but these days, all he really wants is blood. Maybe he could work through it, but his vampire roommates just don't understand. Wasn't unlife supposed to get easier?This novella is set in the world of Carrie Vaughn's bestselling Kitty Norville series.KurzbeschreibungSam has been a vampire for 15 years, and now he's having a midlife crisis.
