Von Oliver Tidy : Particular Stupidities (The Romney And Marsh Files Book 5) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Particular Stupidities (The Romney And Marsh Files Book 5) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Great read with a lot of suspenseVon planeurderereveIt took me a day to read through it, couldn't stop! Hope there will be

another of the series soon. Keep on writing please.

Kurzbeschreibung A rotting corpse is discovered in one of Kents old coal mining communities. In their search to uncover the identities of the victim and those responsible for the death and concealment of the body, DI Romney and his team must confront and deal with issues of prejudice, bias, loyalty and betrayal (and thats just amongst themselves). The fifth Romney and Marsh File sees Dover CID taken to the outskirts of their jurisdiction, the edge of reason and the brink of self-destruction. *** The Romney and Marsh Files now number six (nearly seven). They dont have to be read in order; they do all work as stand-alone novels. However, to get the most out of each it is recommended that they are consumed in the order in which they were prepared, a bit like the courses of a good meal. (Who wants to eat ice-cream before a bowl of soup?) Here are the books of the series in order: #1 Rope Enough #2 Making a Killing #3 Joint Enterprise #4 A Dogs Life #5 Particular Stupidities #6 Unhappy Families #7 A White-Knuckle Christmas (In production.) ***
