A non-stop thriller of a man who stops a terrorist groupVon Ein KundePatriot Games Tom Clancy, author of the book Patriot Games, is one of the most renowned authors of books that deal with modern war and terrorism. The book Patriot Games is a book that deals with modern day terrorism, and a man named Jack Ryan. The book was fantastic, and would be recommended for anyone (not children, of course) who have a remote interest in political war against terrorist organizations. The book begins in telling a life summary of Jack Ryan, retired Marine officer, who has taken up a historian profession. During the beginning of the book, Mr. Ryan was in England on a vacation, when he comes accords a terrorist attack on the Royal family of England. The attack occurs right in the middle of downtown London, exactly where Jack Ryan is. He foils the assassination attempt, and is knighted by the King and Queen of England. Later in the book, the terrorist organization responsible for the assassination attempt, tries to gain revenge on Jack by making assassination attempts on him and his loved ones, but the terrorists do this in the United States. After a while, the CIA gets word of all of the assassination attempts, and Jack along with the CIA try to apprehend the long running terrorist group. The book had many surprising twists, that led to exciting conclusions. This was very well written book on terrorists, their organizations, the impact they have on every-day life, and the men and women who stop them. If I had to rate the book (on a scale of 1-10), the book would receive a perfect 10.3 von 3 Kunden fanden die folgende Rezension hilfreich. Though long, the book is well worth the time.Von Ein KundePatriot Games by Tom Clancy If you're a fan of long, realistic, action filled novels, you'll love Patriot Games, but if you enjoy reading short books filled with pure action and suspense, don't even bother trying to read it, unless you are feeling adventurous. Patriot Games dives into the world of terrorism matched only by Rainbow Six. It starts with amazing action- a terrorist attack upon the Prince and Princess of England. John Ryan, the hero of Hunt for the Red October and Clear and Present Danger, is caught in the middle. He stops the attack and kills one of the attackers; but unknowingly, he has brought himself into the world of terrorism and the cubicles of the CIA. Clancy describes beautifully, as he always does. But then comes the part that can cause one to abandon the book: the huge number of pages that separates the action. However, if you have enough stamina and survive the dull parts, you soon get pulled back in as terrorist activity spreads for the first time into the United States. It is one of Clancy's finest, and is a thrill to read.2 von 2 Kunden fanden die folgende Rezension hilfreich. Clancy the unbeatableVon Jonathan WangOnce again Clancy delivers a bang up action thriller that is unbeatable by any other author. It is about a guy named John Ryan who thwarted a terrorist attack on England's Royal Family. He then has to come face to face with the realities of his heroism and suffers the consequences. His wife and daughter are attacked by the ULA( Ulster liberation army) and he is having the Royal Family over for dinner! But all goes to hell when the dinner is interrupted by a group of uninvited guest, the ULA. Now John must fight to save not only his family, but once again the Royal Family! I couldn't turn the pages fast enough to keep up with this top notch action thriller! The action never stops!

KurzbeschreibungJack Ryan fights to protect his family from terrorists in the electrifying #1 New York Times bestselling thriller.From Tom Clancy, master of the international thriller, comes a gripping story of the Ryan family under fire. In an explosive wave of violence, an ultra-left-wing faction of the IRA is hunting one man for his act of salvation in an attempted assassination.
