**Von Joseph Couture : Peek: Inside the Private World of Public Sex** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Peek: Inside the Private World of Public Sex:

Kundenrezensionen Hilfreichste Kundenrezensionen 1 von 1 Kunden fanden die folgende Rezension hilfreich. Sex - private or public? a stunning book, science at its best! Von Robert Chambers Joseph Couture performs a great service by making visible one of the most popular (and sometimes vilified or even demonized) forms of gay sex. But what does "public sex" mean? Sex in the wrong places? Places that criminalize the acting person? What does "public" really mean? Looking closer: public gay sex is sex in parks, saunas, sex clubs, darkrooms... Hidden in bushes, in houses, in discos, in scene bars... Hidden means: often without any bigger advertisement or with just a little mark (e.g. the rainbow

flag as the internationally well known sign for a gay place). Or concerning the sex in parks burrowed by the night. What is public about that? Normally people do not want to be seen having sex. Or just by people who are going for that (voyeurs, gays loving threesomes...). And never by police or homophobic people or possibly violent macho youth! Sex is a very private thing (at least for most of us!), for gay and others. Even if it takes place in the so called public. The distinction between public and private is a relatively recent historical creation and a socially made distinction. Joseph Couture is a passionate writer with a good sense for politics and for human beings: for the good and bad. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Ein tolles Aufklärungsbuch für Schwule und solche, die es werden wollen (oder müssen, big smile) Von Lancelot Man(n) lernt in diesem Werk viel über schwulen Sex. Es werden darüber hinaus viele nützliche Tipps für das "Erkunden des schwulen Universums" gegeben. Für junge Menschen oder generell für Menschen in ihrem Coming out also durchaus geeignet: Aufklärung wie sie sein sollte. Die amerikanischen Verhältnisse können zwar nicht ohne weiteres tel quel auf Europa übertragen werden, trotzdem bleibt das Buch wegen des aufgeklärten Blicks des Autors allgemein gültig. Joseph Couture weiß zu schreiben: packend, aber nie anbiedernd oder rein voyeuristisch. Man merkt, dass Couture ein begnadeter Journalist ist und dafür bereits ausgezeichnet worden ist. Er zeigt auf, dass die Welt des öffentlichen Sexes gar nicht so öffentlich ist. Was öffentlich oder privat ist oder sein soll, hängt stark von der gesellschaftlichen Definition ab. Damit verbunden auch, was erlaubt, was korrekt (moralisch oder juristisch), was unanständig ist. Die von einem Soziologen und engagierten Gay Aktivisten verfasste Einleitung ist allein schon den Kauf des beschrifteten Buches wert.

Kurzbeschreibung PEEK: Inside the Private World of Public Sex is an up close and personal look at impersonal sex, exploring where-to, how-to, and when-to have sex in public. This educational and instructive guide reveals the steamy world of sex in bathhouses, gyms, parks, peep shows, swingers clubs, mens rooms, and cruising on the Internet. The book provides interviews of a broad range of men discussing their diverse sexual escapades, from traditional to the definitely nontraditional. PEEK is an essential guide for anyone fascinated with and wanting to find gay sex in the 21st century.
