Von W. Michael Gear, Kathleen O'Neal Gear : People of the Raven: A Novel of North America's Forgotten Past before purchasing it in order to gage whether or not it would be worth my time, and all praised People of the

Raven: A Novel of North America's Forgotten Past:

Kurzbeschreibung In *People of the Raven*, award-winning archaeologists and New York Times and USA Today bestselling authors W. Michael Gear and Kathleen O'Neal Gear spin a vivid and captivating tale around one of the most controversial archaeological discoveries in the world, the Kennewick Man---a Caucasoid male mummy dating back more than 9,000 years---found in the Pacific Northwest on the banks of the Columbia River. A white man in North America more than 9,000 years ago? What was he doing there? With the terrifying grandeur of melting glaciers as a backdrop, *People of the Raven* shows animals and humans struggling for survival amidst massive environmental change. Mammoths, mastodons, and giant lions have become extinct, and Rain Bear, the chief of Sandy Point Village, knows his struggling Raven People may be next. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Pressestimmen [The Gears] go where few have gone before, weaving a bodice-ripping . . . tempest-tossed tale of lust and savagery. The Gears go where few have gone before, weaving a bodice-ripping . . . tempest-tossed tale of lust and savagery. "I haven't read a novel this good in a long, long time. *People of the Raven* draws you into a magnificent, sweeping world--America, circa 7300 B.C.-that is so real you can almost breath in the air of it. It tells a bighearted story of war and peace, love and violence, with a cast of richly drawn characters. This is a novel that will stay with you for years---I guarantee it." --Douglas Preston, New York Times bestselling coauthor of *Brimstone* on *People of the Raven* "People of the Raven, at one level, is the recreation of a lost and forgotten civilization by two noted archaeologists. But this story of Kennewick Man also involves an important legal battle pending in the U.S. Supreme Court and is a good read for those of us intrigued by the earliest Americans." --Tony Hillerman, New York Times bestselling author of the Joe Leaphorn and Jim Chee Novels on *People of the Raven* "Richly imagined . . . They succeed in blending a great deal of information about how these hunter-gatherers lived together with the universal search for love, power, and wisdom. It's a combination that will surely satisfy readers." --Publishers Weekly [The Gears] go where few have gone before, weaving bodice-ripping . . . tempest-tossed tale of lust and savagery around a pre-Columbian culture." --The Oklahoman I haven't read a novel this good in a long, long time. *People of the Raven* draws you into a magnificent, sweeping world--America, circa 7300 B.C.-that is so real you can almost breath in the air of it.
