KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A perfect-ly wonderful romance!Von Ein KundeRachel Banks is in the business of promoting love. As the most popular and in-demand designer of wedding dresses in Madeira Beach, Florida, Rachel specializes in helping dreams come

true for brides, even if it is at the expense of her own dreams. When an elderly wedding guest advises Rachel to try slipping a piece of wedding cake under her pillow in order to find the man of her dreams, Rachel had no idea the old tradition would come true. The only problem is the man of her dreams is not exactly what she had in mind. As an international news cameraman, Mark Robison has seen the ugly side of the world, and accepts that his chosen lifestyle requires him to move from crisis to crisis. But as he takes some time to recover from a sniper's bullet, and attend his sister's wedding, he meets Rachel, who believes in all things good and beautiful. Suddenly, Mark finds himself re-evaluating his hectic but empty lifestyle. He realizes that all he wants in the world is to help Rachel make her dreams come true. The first in a series of three romantic comedies that feature just a little touch of magic, "Perfect Fit" is an absolutely delightful story that will win author Lynda Simmons fans galore. Simmons' sense of humor shines through into her writing, creating characters and a plot that is sure to charm one and all. Be sure to watch for her next two books, "Charmed and Dangerous" and "That Devil Moon," set to be released in 2000.

KurzbeschreibungFast-paced, funny and incurably romantic novel with a supernatural flare. A delightful read that keeps readers smiling. Rachel Banks, a wedding dress maker in Madeira Beach, doesn't believe in magic or love at first sight. At a client's wedding, an old woman gives her a tin containing some wedding cake with instructions to put it under her pillow. Doubtful that a wedding cake dream will show her who her soulmate is, Rachel gives it a try anyway. But if she had thought that putting a piece of cake under her pillow would conjure her dream guy in the form of her new neighbor, she had stuffed that cake into her mouth instead! Mark, a workaholic cameraman, is only in Madeira Beach for some much needed RR and his sister's wedding. He quickly realizes that Rachel is not the kind of woman made for vacation memories, but there's something about the incurable romantic that just keeps drawing him back. After convincing her to enter a design competition in Miami, sparks really begin to fly. Will Mark and Rachel last? Or is their relationship destined to be a fleeting summer romance? you like Jennifer Crusie and Susan Elizabeth Phillips, you're sure to love Lynda Simmons' novels. s"... a delightfully spirited romance with great twists and turns. She has a way with words and word pictures while her characters have an enjoyable realism as they work through the road blocks of romantic fiction... a fun read, a sexy read. One of those reads that warm the heart and pleasure the soul. A teapot that sings 'Ave Maria!'"-- Nelle Romero, Romance Communications "Beautifully written! A keeper!
