**Von S.T. Bende : Perfekt Order (The re Saga Book 1) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Perfekt Order (The re Saga Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A little to sappyVon HiCoNice written story! And rather a 3.5 star rating than a 3 star one.. But not good enough for me to give it 4stars... A little too sappy for my taste and the gods are not godly enough... I will read the follow up books in the re-series and maybe next one will be in for a better rating1 von 1 Kunden fanden die folgende Rezension hilfreich. LOVE me some Tyr and Hendrik!Von EmmaSo this book follows Mia as she gets ready to make one of the biggest

moves in her life... shes going to collage! She is so geeky and organized that she creates for an interesting character especially as I wish I was this good! Everything is planned to perfection but that all changes when she meets Tyr. I love the way their relationship develops as she is so clear cut that it was exciting to see how she would cope with the mythological aspect. She is such an easy character to relate to, she is very introverted but has another side to her that makes her a great main heroine because she is a mix of geeks and athletic. But she is really loyal and I love her homey touch with her relationship with her brother who is just pushing her to try something new and collage is the greatest place to start. And then you have Tyr who is the perfect balance of so gorgeous, mysterious and extremely confusing and it was great to have a heroine that was so kick ass and was able to be interesting but put Tyr in his place! And being the god of war he is not like most brooding male characters he has a story and its fun seeing him develop as well as Mia. I really like the balance in this book too, you get the building of relationships between Mia and her roommates, her brother, and Tyr but it also just gives us all the action as well from the first chapter. It helps to keep you entertained and pulls you in. The other thing I love about the story is you have the normal things you need in a book, romance, action, friendships, beautiful guys but she never forgets to add the mythology on such a level that its not too much its great to have this information and especially in a way that is important to the story but still enough to keep you guessing. I love some of the other characters in the book too, like Brynn and Hendrik they are such an AWESOME addition to the book. Brynn is just so bubbly and happy but she is also serious who is a great adviser to Mia about all of the changes. Hendrik is so funny and he puts a great sarcastic touch to the book especially with his relationship with Brynn and more importantly Tyr. Plus they are both super smart, it makes the characters more believable instead of epic Asgardian warriors. The characters are so likable with such a great story it makes for such an easy read and quick too, I read it in no time. It grips you in and holds your attention and it really makes me interested in this mythology, I was so sad to finish it but could not wait to start with the next one!

Von Sanne - Scandalous Book Blog\*\*\*ARC received in exchange for an honest review - Sanne / Scandalous Book Blog\*\*\*What would you expect when you are about to read a story about the God of War? Mischief and mayhem of course! Does this book deliver these? Oh yeah and much much more. Not only did I cry like a baby but I also swooned and laughed. S.T. Bende can make mythology interesting for even the hardest disbeliever. Mia is your average college student working her way to greatness. Little did she expect to stumble upon a real life God on her way to the top. Tyr... The stuff that dreams are made of! The God of War is stubborn, naughty and overprotective. His shields are way up but when Mia comes along even he has a hard time to withstand the temptation and his true chance of love. Add the big bad wolf and a whole crew of Norse friends and you got a fairy tale to remember! Are you ready to battle it out with war? The battle will commence... Soon! ;)----- Side note -----This book was so different from the Elsker saga yet you could see some comparisons. I felt that this one might feel a little closer to the real world. Its not immediately boom and thats it. Here we really felt the insecurities they both had. Oh and S.T. Bende I got a bone to pick with you young lady! You did not tell me that the next book was going to be ... Or I might just have been not so attentive to notices the posts. But thats besides the point! ;-)

KurzbeschreibungAll's fair when you're in love with War. For seventeen-year-old Mia Ahlstrm, a world ruled by order is the only world she allows. A lifetime of chore charts, to-do lists and study schedules have helped earn her a spot at Redwood State University's engineering program. And while her five year plan includes finding her very own happily-ever-after, years at an all-girls boarding school left her feeling woefully unprepared for keg parties and co-ed extracurricular activities. So nothing surprises her more than catching the eye of Tyr Fredriksen at her first college party. The imposing Swede is arrogantly charming, stubbornly overprotective, and runs hot-and-cold in ways that defy reason . . . until Mia learns that shes fallen for the Norse God of War; an immortal battle deity hiding on Midgard (Earth) to protect a valuable Asgardian treasure from a feral enemy. With a price on his head, Tyr brings more than a little excitement to Mia's rigidly controlled life. Choosing Tyr may be the biggest distraction or the greatest adventures she's ever had.
