Von Kelley Armstrong : Personal Demon (Women of the Otherworld, Book 8) (An Otherworld Novel) before purchasing it in order to gage whether or not it would be worth my time, and all praised Personal Demon (Women of the Otherworld, Book 8) (An Otherworld Novel):

KundenrezensionenHilfreichste Kundenrezensionen3 von 3 Kunden fanden die folgende Rezension hilfreich. Great novel in the 'Women of the Otherworld' seriesVon Helen HancoxHope Adams may seem like an ordinary tabloid reporter but she's something rather more than that, being a half-demon whose demon nature feeds on and revels in chaos. When she has to pay off a debt by carrying out a difficult and dangerous undercover mission amongst a gang of young supernaturals she jumps at the chance to prove herself, especially to Karl, her erstwhile lover. However Hope turns out to be rather good at her undercover job and infiltrates the gang deeply, soon realising that all is not well in the supernatural world. When becoming involved in murders and having to try to overcome her own attraction to the chaos of some of the gang's events she finds she has to rely on Karl as well as Lucas and his wife, people who might just see her as a young and silly girl. When the four of them start to investigate a string of murders Hope learns that things aren't always as they seem, despite her talent for seeing visions of events.The book is told mostly from the perspective of Hope but there are some chapters from the viewpoint of Lucas Cortez. I wasn't entirely sure of the reason for this as I did feel it slightly interrupted the flow of the narrative and that this alternative point of view didn't add a great deal to the story; however it was interesting to read of Lucas's difficulties reconciling his situation as heir to his Father's Cabal (a supernatural business/cult) and his personal opposition to the Cabal system that operates almost like slavery for some.Hope has appeared in previous books in this series which did mean that sometimes the reader felt like they had missed rather a lot of the plot of this book before it had started. This is particularly with regard to her relationship with Karl although their awkward discussions and embarrassment with each other following their former failed relationship were well written. The strong points of Kelley Armstrong's books are her characters, the supernatural world which they hide amongst the humans and her excellent pacing and timing. This book was always enjoyable to read, the various characters all felt very distinct and interesting and the world of the Cabals was a great setting to a story about a young woman growing up and growing into herself as well as finding someone who can understand and support her. Well worth a read, even for those who haven't read others in this series.Originally published for Curled Up With A Good Book Helen Hancox 20080 von 0 Kunden fanden die folgende Rezension hilfreich. tolle SchriftstellerinVon gigiWie immer spannend... KurzbeschreibungIn her acclaimed Women of the Otherworld series, Kelley Armstrong has created a scintillating realm where the supernatural and the human coexist on the edge of darkness, romance, and eternity. Now Armstrong tells the captivating tale of a young woman with an insatiable lust for danger. She cant help it. Its in her blood. Tabloid reporter Hope Adams appears to live the life of an ordinary working girl. But in addition to possessing the beauty of a Bollywood princess, Hope has other unique traits. For she is a half demona human fathered by a demon. And shes inherited not only a gift for seeing the past but a hunger for chaosalong with a talent for finding it wherever she can. Naturally, when shes chosen by a very dangerous group for a very dangerous mission, she jumps at the chance.The head of the powerful Cortez Cabala family that makes the mob look like amateurshas a little problem in Miami: a gang of wealthy, bored offspring of supernaturals is getting out of hand, and Hope is needed to infiltrate. As spells, astral projections, and pheromones soar across South Beach, Hope weaves her way through its elite hot spots, posing as upscale eye candy and reading the auras of the clienteleand potential marks. As it turns out, Hope is a little too good at this job. And soon shes in a little too deep, needing to be bailed out by her jewel-thief werewolf ex-boyfriend and by the Cortez heir himself. And when a killer goes to work, Hope is among many targets at the pinnacle of Cabal rule. For a woman who didnt know what she was getting into, theres only one way out: its time for Hope to unleash her most potent primal instinctsand open herself, mind and body, to everything she most fears . . . and desires.Sexy and suspenseful, Personal Demon is a thrill ride through a world on the wild side of our own.From the Hardcover edition.From Publishers WeeklyChaos rules in Armstrong's complex eighth Women of the Otherworld installment (after 2007's No Humans Involved). The formidable Benicio Cortez once helped tabloid-reporting, gun-toting, chaos demon spy girl Hope Adams out of a jam, so she agrees to go undercover and join a supernatural youth gang that's been causing problems for Cortez's multinational corporation. Assuming the persona of bratty rich co-ed Faith Edmonds, Hope works her way into the gang, participates in heists and soon finds herself dangerously attracted to one of the other members, cute Jasper Jaz Haig. All too soon, Jaz's diabolical plans lead to a shocking tragedy. Armstrong excels in depicting Hope's transformations, but new readers might want to read earlier books to get context for all the mayhem. (Mar.)
