Von Jeffe Kennedy : Petals and Thorns: A BDSM Fairytale Romance (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Petals and Thorns: A BDSM Fairytale Romance (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A dominating Beast and his beautyVon MagritteWhen I chose this book I felt like reading an erotic short story with a touch of fairy tale and it is exactly what I got.Petals and thrones is about 86 pages and is an adult version of the beauty and the beast.Amarantha, in order to save her father has to marry the Beast for 7 days. He will however not take her

virginity unless she begs him for it, in which case she will remain with him forever. If she is able to resist him, her family will earn half of his fortune and she will be free. But the beast has all rights to seduce her and as he is a Dom he will torture her in ways she never expected to like. I really loved the story. It is not a literary masterpiece but if BDSM is what you enjoy it is terribly exciting and hot. The story is a fairy tale, do not search logic but simply enjoy the ride like I did. The erotic part really cut but breath. I however find the story a bit too short especially the end. If you like it hot you will love this. Enjoy MBTM

KurzbeschreibungA BDSM Beauty and the Beast - this adult erotic fairy tale explores what really happens in that castle at night. In exchange for her father's life, Amarantha agrees to marry the dreadful Beast and be his wife for seven days. Though the Beast cannot take Amarantha's virginity unless she begs him to, he can and does take her in every other way. From the moment they are alone together, the Beast relentlessly strips Amarantha of all her resistance. If Amarantha can resist her cloaked and terrifying husband, she gains his entire fortune and will be allowed to return to her family and a normal life. But the Beast seduces her at every turn, exposing, binding, tormenting, and pleasuring Amarantha until she no longer knows her own deepest desires. Increasingly desperate to break the curse that chains his humanity, the Beast drives Amarantha past every boundary. But her desire for a normal life may jeopardize the love that will save them both.
