Von Angela Wallace : Phoenix Feather (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Phoenix Feather (English Edition):

Kurzbeschreibung Aidan Quinn is a centuries-old phoenix living as a human. Weary of the repetitious life cycles, she's not sure she has it in her to love again, though dashing fireman Trent McCain is going to do his best to convince her otherwise. But the clock is ticking--a serial killer is on the loose, and he's on the hunt for a phoenix. "A solid gentle romance with a hint of mystery, mythology, and a lot of warmth...I highly recommend this story to adults, older teenagers, college aged students, and anyone who loves to be in love." --Literary Sweet Full Summary: Aidan Quinn is not entirely human. Every hundred years, she bursts into flame and is reborn from the ashes. Now she's a grad student in Seattle, weary of these repetitious life cycles and grieving a lost love.
