ROMANTIC STORY. This story features; Ashling, a beautiful jewelry maker and fire starter; Hawke; a heart-stopping gorgeous film star. What you'll find in the stories; a cast of remarkably impressive and engaging characters, spectacular story-lines, picturesque and powerful scene descriptions, phenomenal banter, gripping suspense, surprises, life threatening incidents, and skyrocketing heart-pounding sensual romance. Ashling and Hawke had been friends when she was teen and then they weren't. When he comes home to Woodland Creek to film a movie he wants so much to be with her, but her past memories haunt her and fears of hurting him lingers in the air. He has a secret and is eager to tell her and apologize for not being there when she needed him. SPECTACULAR-a well written story by truly gifted author. A most impressive story. I adored the characters, the emotion and their devotion for each other shines like a dazzling star. The romance sizzles and is more than convincing. A most gratifying read. If you treasure fantasy romance this book is definitely a fabulous choice for your library. {I was given a copy of the book for completely honest review}. In the world of fantasy romance the possibilities are endless and always fascinating. Without reservations I recommend this set.
