Peanut-Fans: Dieser hat ebenfalls kurze, recht überraschende Auftritte. Eigentlich recycelt Harrison den ersten Band ihrer Reihe, allerdings recht kurzweilig, so dass ich nicht beschweren möchte. War mich ein Lese-Vergnügen! 1 von 1 Kunden fanden die folgende Rezension hilfreich. They did it again - Pia and Dragos back at meeting for the first time Von Mina Note: this is a novella from the "Elder Races" series, so is the most fun to read the book as part of the series and not as a standalone. Especially since the world, the wyr and especially all the characters concerned are introduced there. So if you are new to the Elder Races, I recommend to start with "Dragon Bound". Synopsis Coming to understand that they have to leave their NY City skyscraper for the sake of their rapidly developing son Liam [aka peanut], Pia and Dragos are moving upstate New York. While the new compound gets additional buildings, a tragic accident happens that leaves Dragos without memories. Any memories. So it's up to Pia to find a way to get her mate back and not end up dead while doing so. And she and the dragon have their first encounter once again, when she tries anything in her power to make him remember her. Review That was a wonderfully written novella about Pia and Dragos! They are my preferred couple in the "Elder Races" series, so I loved coming back to them and especially seeing them in that taxing situation. It totally is Pia's moment to show what she is made of and boy is she fabulous. But let's not forget the dragon: cranky, distrustful Dragos is even better to read about. His thoughts on Pia and himself are alternately hilarious and wretched. This whole story is not about action or events, but wholly about Pia and Drago's relationship and what makes it so strong and unique. Consequently, there aren't many other characters on display, but strangely, it did not miss them at all [although the peanut is quite cute to read about]. So, if you like the Cuelebres, this novella is for you, Pia and Dragos and their relationship truly shine here. 0 von 1 Kunden fanden die folgende Rezension hilfreich. A touching story Von Nadine Hartinger I loved it. It was a really touching short story. And it showed us a new side of Dragos. One more time I was reminded why Dragos and Pia are one of my favorite couples.

Kurzbeschreibung In the latest story of the Elder Races, two mates face their deadliest challenge yet each other Pia and Dragos magical young son Liam (the Peanut), is growing at an unprecedented rate, and if that isn't enough, he is also exhibiting new, and unpredictable, magical gifts. To protect him, the concerned parents decide to move to upstate New York. Both Dragos and Pia relish the idea of leaving behind the city. They finally have the space to indulge their Wyr side, and Liam can grow in safety. It's a breath of fresh air literally but their idyllic situation is shattered when Dragos is injured in a freak accident. Stripped of his memory and bereft of Pia's taming influence, there's nothing holding back Dragos' darkest side. And in order to restore her family and save her mate, Pia must confront the most powerful menace in Elder Races history. It's going to take more than a penny to fix this PIA SAVES THE DAY is part of a three-story series about Pia, Dragos, and Peanut. Each story stands alone, but fans might want to read all three: DRAGOS TAKES A HOLIDAY, PIA SAVES THE DAY, and PEANUT GOES TO SCHOOL. (30,250
