Von Lea Santos : Picture Imperfect (Amigas y Amor Series Book 3) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Picture Imperfect (Amigas y Amor Series Book 3) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Brilliant romance with credence and a different story lineVon PhilologusBrilliant story and brilliant writing - of all three books of this series which are very good - this was my favourite to read . Not only was there a totally different start for a

romance (the break up), it was very well executed and believable too (without too much psychotherapy in it). How on earth did Lea Santos pack such a great story with such a roller coaster of emotion in about 150 pages? And BTW this is so much more than just a romance - it is much more about self realisation and "growing up". And it is so true that patterns from childhood wreck marriages. I very much look forward to # 4 and the next trilogy. Here is the blurb: Paloma and Deanne Vargas thought they were destined to grow old together. But after fourteen years together and two children, Paloma finally accepts she has based her life on the foolish dream of two passionate high school sweethearts. Heartbroken that Deanne seems more devoted to being a cop than a partner, Paloma tosses her out and tries to move on. But Deanne is determined to get their marriage back on the road to happily ever after, by way of Memory Lane and Lover's Lane... Third in the Amigas y Amor Series

0 von 0 Kunden fanden die folgende Rezension hilfreich. ...to win back your wife Von high art I can only agree with the other review, this book takes a different approach than other romance books which makes it unique and interesting. It felt very down-to-earth and believable... only one point was a bit unrealistic, seemed most females (side characters) in this book are gay... hmmm. Other than that, this is a very pleasurable read. Great characters, good story-line and a very fluent and amusing style of writing. Recommend!

ber den Autor und weitere Mitwirkende Lea Santos has been making up stories since she was a child, according to her mother. Usually these had to do with where she was, who she was with, and whether or not she finished her math homework (which she hadn't). When it came time to pick a career, Lea waffled, then did everything from working as a tour guide in Europe to being a cop, to working as a bookkeeper for an exotic bird and reptile company probably not the best choice, since (1) she never did finish that math, and (2) the Komodo dragons freaked her out. She eventually decided to go with her strengths and continue making up stories, except this time, she turned them into whole books. She rarely lies anymore about where she's been or who she was with...
