Von Heather Graham : Picture Me Dead (Mills Boon MB) before purchasing it in order to gage whether or not it would be worth my time, and all praised Picture Me Dead (Mills Boon MB):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Suspenseful read for long winter nightsVon Ein KundeI've enjoyed Heather Graham's earlier historical romances before, but suspense is clearly a very good genre for her, too. It was well-written, the characters well developed, the dialogues witty and all in all a suspenseful, enjoyable read. Sometimes the "hints" that were supposed to lead readers into the wrong direction were a bit too obvious. She did keep me guessing until half-way through the book,

though. The sparks flying between the two main characters were phenomenal. Keep up the good work, Ms. Graham!

Kurzbeschreibung Ashley Montague is nearing the end of her police training but nothing has prepared this rookie for the rite of passage that will take her on a deadly ride into the underbelly of Miami's drug world. It begins with the shocking discovery of a body on the highway and her glimpse of a mysterious hooded figure watching from the side of the road. Then Ashley's investigation into the incident reveals a surprising connection to another crime scene miles away. In the heart of the Everglades, Detective Jake Dileasio stares at the mutilated body of a woman the killing identical to those carried out by a cult leader he put behind bars five years ago. Is this a copycat killing or is the wrong man doing time? The last thing Ashley and Jake want or need is the electric pull of desire as they are dragged deeper into a dangerous world of corruption and conspiracy. Now, with time running out and their lives on the line, they have everything to fight for and everything to lose.
