Von Lilac Lacey : Picture Perfect (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Picture Perfect (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. FunVon eva__This book was fun to read - Annabel is about to enter society when she finds out that she is adopted and has a twin sister who looks just like her.She also has to find out who is stealing art because she has somehow become the prime suspect. Her new twin is spinning intrigues against her as well... The plot was really well-done.The editing of the book was not amazing, however. There are some annoying grammar and spelling errors. Most irritating is that the author did not bother to look up how to spell the painter Rubens' name whose work is featured prominently. Someone

should copy edit this book before it is sold! This really took away from my enjoyment of the book which is otherwise quite nice.
