**Von Derek Robinson : Piece of Cake (R.A.F. Quartet)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Piece of Cake (R.A.F. Quartet):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Buy this bookVon Peter Griesif you have the smallest interest in airwar.This is one of the best books i ever read about airwar(more to read from the same author).It follows the way of a hurri-squad starting in 1940 in france during the "drle de guerre" before the german attack till the BoB.Robinson manages to create vivid charakters, a dramatic story, a

storyline that reflects very well how the war must have been these days. The way how he creates characters and lets them die in an casual way is shoking at the beginning but gives a hint how death was these days, when you got killed by chance, by a unlucky hit by AAA, by a 109 you never saw, smashed in your cockpit and trying to survive long enough to land your beaten crate..and fail most of the time. Great great book...buy it. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Even better than shooting down Fritz Von Prutkow Wer Englisch so gut versteht, dass er/sie ber den britischen schwarzen Humor hinausreichen kann und galligsten britischen Zynismus versteht, der sollte dieses Buch lesen. Eine herausforderung. Auch, weil es ein hervorragendes Buch, wenn nicht gar das beste ber den Irrsinn des Krieges (in der Luft) allgemein und der frhen Einstze der RAF gegen die Nazis im besonderen ist. Immerhin: Am Ende bleibt doch die Gewissheit: British is best. Trotz allem. Und wegen Derek Robinson. So sollte es sein! Derek Robinson at his most cynical, unforgiving and still full of the spunk, hate and devil-may-care humour you need to fight another day. There isn't anybody quite like Robinson who can translate the terror and exhilaration of combat into the terror and exhilaration of great literature. Go out and buy it, read it, laugh, cry, you will be a better person for it.

Kurzbeschreibung From the Phoney War of 1939 to the Battle of Britain in 1940, the pilots of Hornet Squadron learn their lessons the hard way. Hi-jinks are all very well on the ground, but once in a Hurricane's cockpit, the best killers keep their wits close. Newly promoted Commanding Officer Fanny Barton has a job on to whip the Hornets into shape before they face the Luftwaffe's seasoned pilots. And sometimes Fighter Command, with its obsolete tactics and stiff doctrines, is the real menace. As with all Robinson's novels, the raw dialogue, rich black humour and brilliantly rendered, adrenalin-packed dogfights bring the Battle of Britain, and the brave few who fought it, to life. Pressestimmen 'An outstanding novelist's brilliantly researched portrait of the war in the air and the men who fought it' Max Hastings. Max Hastings 'The dialogue is convincing, the story is emotionally moving and it contains some of the best descriptions of battle I've read' Time Out. Time Out 'Robinson is probably the best novelist ever to write about fighter combat: surprising, hyper-realistic and very, very dark' Spectator. Spectator Kurzbeschreibung From the Phoney War of 1939 to the Battle of Britain in 1940, the pilots of Hornet Squadron learn their lessons the hard way. Hi-jinks are all very well on the ground, but once in a Hurricane's cockpit, the best killers keep their wits close. Newly promoted Commanding Officer Fanny Barton has a job on to whip the Hornets into shape before they face the Luftwaffe's seasoned pilots.
