Von Hailey North : Pillow Talk before purchasing it in order to gage whether or not it would be worth my time, and all praised Pillow Talk:

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. A really

terrific romp Von Ein Kunde Her first spouse died after eleven years of marriage, leaving Meg McKenzie Cooper to raise their children by herself. Meg works very hard as a waitress and would do anything to make her children's lives a bit easier. When Jules Panthier approached her with a strange business deal, she planned to reject his offer. However, he knew about her desire to give her children more and managed to attain Meg's agreement. Jules would marry Meg in return for her presence in a deal he needs to complete without his powerful, wealthy brother's knowledge. The pair marries. However, Meg quickly becomes a widow again when someone murders Jules in an apparent drug deal that went sour. Jules' brother Parker arrives to toss out his deceased sibling's latest prostitute, only to learn that the marriage is legitimate. He introduces Meg to his family, including Jules' ten-year old child. Meg wants to leave, but stays to help her lonely step-son. Soon four children drive obsessed business mogul Parker into blissful lunacy. As the adults battle one another, they fall in love, but neither one is prepared for the emotion. Can four kids and a mother-in-law play matchmaker to two obstinate adults? With this amusing novel and her previous delightful work (see *BEDROOM EYES*), Hailey North is attaining a deserved reputation for jocular, entertaining romances. *PILLOW TALK* is filled with humor yet dexterously looks into the problems of children with single parents. The story line is enjoyable and fun due to the witty exchanges between the two protagonists and the interference of the support characters. Ms. North gently rocks her audience with a one-day reader that, in spite of seriously looking at a social issue, lifts the spirits through laughter and romance. Harriet Klausner 0 von 0 Kunden fanden die folgende Rezension hilfreich. Funny account of widow settling her husband's affairs. Von Ein Kunde Margaret "Call Me Meg" McKenzie Cooper had come to New Orleans to settle the affairs of the recently deceased husband Jules Ponthier. Sounds easy, right? Wrong! Meg didn't think she'd be so involved with the Ponthier family or Jules's younger brother Parker. Once again, it's laugh out loud fun. Take an unsuspecting widow, one sexy, good-looking brother, mix with a precocious child, throw in cousins and grandparents, and you'll have a recipe for one hilarious gumbo! Laissez les bons temps rouler! (Let the good times roll.) 0 von 0 Kunden fanden die folgende Rezension hilfreich. Broad Brushstrokes Von Ein Kunde I took a chance and ordered this book based on fellow reader reviews. I just finished it and find myself wanting more. I liked both of the protagonists but I feel things were a little "rushed" in this book. The characters were one dimensional and painted with broad brushstrokes. Ms. North goes to a great deal of trouble to create an extended family that we never see again. I will say this though, Ms. North does an excellent job creating dialog between the children and the adults. That's my two cents worth.

Kurzbeschreibung She Dreamed of Finding Mr. Right Margaret "Call me Meg" McKenzie Cooper will do anything to make her children's dreams for a daddy come true-even if it means accepting a stranger's outrageous marriage proposal. Only she hadn't counted on the man's brother being the dangerously sexy Parker Ponthier-or that making her children's dreams come true would mean risking her heart. Could This Dream Come True? Any woman between eight and eighty would kill to flaunt Parker's heirloom diamond engagement ring. The New Orleans millionaire doesn't want someone who's after his bank account-he's looking for a lifetime of love. Meg is warm, passionate, and sets his soul on fire. But while his instincts warn him that she's nothing but trouble with a capital "T," Parker decides that for once in his life he's going to follow his heart. Tired of hearing that lawyers aren't creative, she quit her job and typed Chapter One (not the chapter, just the heading!). Since that day, Hailey has authored eight romantic comedies set in her adopted hometown of New Orleans, Louisiana, and in her favorite imaginary town, Doolittle, Arkansas.
