**Von Elizabeth Bear : Pinion (Jacobs Ladder) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Pinion (Jacobs Ladder) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 1 Kunden fanden die folgende Rezension hilfreich. very enjoyable with some original ideas Von D. Elliott My first book by Elizabeth Bear, so I was wondering what I had let myself in for. The cover blurb made it sound a bit cheesy but in fact the imagined "world" fits together very well and is original and interesting. Some great ideas, an intriguing story and a nicely ambiguous finale. I don't think this will

be my last book by her.

Kurzbeschreibung On a broken ship orbiting a doomed sun, dwellers have grown complacent with their aging metal world. But when a serving girl frees a captive noblewoman, the old order is about to change...Ariane, Prince of the House of Rule, was known to be fiercely cold-blooded. But severing an angel's wings on the battlefield - even after she had surrendered - proved her completely without honor. Captive, the angel Perceval waits for Ariane not only to finish her off - but to devour her very memories and mind. Surely her gruesome death will cause war between the houses - exactly as Ariane desires. But Ariane's plan may yet be opposed, for Perceval at once recognizes the young servant charged with her care. Rien is the lost child: her sister. Soon they will escape, hoping to stop the impending war and save both their houses. But it is a perilous journey through the crumbling hulk of a dying ship, and they do not pass unnoticed. Because at the hub of their turning world waits Jacob Dust, all that remains of God, following the vapor wisp of the angel. And he knows they will meet very soon. Originally published in 2007 as Dust. Pressestimmen Bear proves herself to be one of the most talented writers currently working in the field. Romantic Times Extraordinary ... exactly the kind of brilliantly detailed, tightly plotted, roller-coaster book she has led her readers to expect, replete with a fantastic cast of characters. Booklist, starred review Kurzbeschreibung On a broken ship orbiting a doomed sun, dwellers have grown complacent with their aging metal world.
