**Von Jack Du Brul, Clive Cussler : Plague Ship: Oregon Files #5 (The Oregon Files) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Plague Ship: Oregon Files #5 (The Oregon Files) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. fr Fans von Clive CusslerVon M. RickEin Geschenk fr Fans von Clive Cussler! Das scheint schtig zu machen, denn jedes Buch wird mit einer groen Freude entgegengenommen und danach verschlungen. Da ist kein Ranking mehr mglich!

Scheinen alle sehr gut zu sein! Die Freude war enorm groß! 1 von 2 Kunden fanden die folgende Rezension hilfreich. Great Escapes Entertain While the Epilogue Lands with an Embarrassing Thud Von Donald Mitchell I love Clive Cussler and Jack Du Brul, but if they don't do better in future books in the Oregon Files series they won't keep me as a reader. The base story of Plague Ship could have only come from the imaginative mind of Clive Cussler. Jack Du Brul is a brilliant writer when it comes to describing difficult escapes. Unfortunately, the base story overwhelmed Jack Du Brul so that the book is threadbare in character development, almost devoid of menace derived from the villain's plots, and missing obvious elements to make the book's premises more credible. I found myself wondering why the book was so poorly constructed except in the excellent escape sequences involving the crew of the Oregon. The book opens with a historical sketch involving a Nazi reconnaissance plane looking for a convoy headed for Russia. I liked the opening. But in the epilogue, Du Brul fails to make enough of a connection between the two sections for the concept to work. I doubt if Cussler even read the two sections. A rookie editor could have made suggestions that would have helped. From there the book picks up as the Oregon's crew seeks to verify for the CIA that the Russians are selling advanced torpedoes to the Iranians. It is a grand adventure, and an even grander escape. The book drifts sideways on locating a derelict vessel littered with dead bodies. The book then dives downward quality-wise in describing a cult that favors reducing the world's population. Except for interruptions for interesting escapes, I found the rest of the book to be less and less interesting. In giving the book three stars, I would say Plague Ship went from five stars down to dribbling along at two stars and ending at one star in the epilogue. I wouldn't suggest that you avoid this book, but don't have very high expectations either. 1 von 2 Kunden fanden die folgende Rezension hilfreich. Gute Story mit gewagtem Denkansatz Von mike austin Typischer Clive Cussler mit einer Story, die einen gewagten Denkansatz zum Thema Lsung der globalen berpolation als Grundlage hat. Wie das Team rund um Juan Cabrillo auf die ganze Verschwrung stt ist extrem an den Haaren herbeigezogen und die ganze Story verliert im Laufe des Buches stark an Qualitt, wofr wohl vor allem Jack Du Brul, der Co-Autor verantwortlich zeichnet. Die Darstellung des Bsen in diesem Buch ist uerst infantil und nicht stimmig zum Thema geraten und passt so gesehen perfekt zum bescheidenen Finale der ganzen Geschichte, die mit viel Dynamik und einer guten Grundstory begonnen htte. So gesehen ist das Buch wohl eher nur fr Fans von Juan Cabrillo geeignet.

Kurzbeschreibung Clive Cussler's fifth Oregon Files novel, Plague Ship, pits Juan Cabrillo against a deadly adversary. In a Norwegian glacier during World War Two a Nazi officer makes an extraordinary discovery - the most legendary ship of all time . . . Sixty years later Juan Cabrillo and the crew of the Oregon - a top secret state of the art military vessel disguised as a heap of junk - reap the terrible rewards of this find. In the Persian Gulf they encounter a cruise ship full of the dead and the dying. While attempting a rescue, the stricken liner erupts into a fireball. Cabrillo escapes with his life, and one survivor. When Cabrillo decides to probe deeper into this mystery, he finds a powerful cult obsessed with the end of the world. It is a discovery that sees the Oregon and her crew racing against time to prevent a sinister madman from using the secrets of the past to to destroy the future . . . Plague Ship is a high-stakes, high-seas adventure you won't be able to put down. The number-one bestseller Clive Cussler, author of the thrilling Dirk Pitt novels Arctic Drift and Valhalla Rising, and co-author Jack Du Brul are back with their most exciting Juan Cabrillo assignment yet in the fifth novel of adventure series The Oregon Files, Plague Ship. Praise for Clive Cussler: 'Cussler is hard to beat' Daily Mail 'The guy I read' Tom Clancy From Publishers Weekly In the dependably entertaining if less than top-notch fifth Oregon Files thriller from bestseller Cussler and Du Brul (after Skeleton Crew), Capt. Juan Cabrillo, who heads the Corporation, a covert military company for hire, and the multifaceted crew of the Oregon, a high-tech ship disguised to look like a tramp steamer, take on a group known as the Responsivists. The Responsivists publicly espouse a program of global population control, but are secretly planning a devastating attack on the human race utilizing a virulent virus found aboard an ancient ship that may be Noah's Ark. The authors are up to their usual high standards when in fighting mode, though the chief villain, the doctor who heads the Responsivists, falls short of Juan's billing as the single-most-evil human being I have ever met. Readers may wish that next time out the bad guys put up more of a struggle. (June) Copyright Reed Business Information, a division of Reed Elsevier Inc. All rights reserved.
