SerieVon readerIn dieser Serie wird nicht die Romanze von nur einem Paar beschrieben, sondern von ca. vier Paaren gleichzeitig. Ein Paar erlebt dann das Happy End , die anderen haben kleinere oder grere Hindernisse zu bewltigen. Alles wird nett und gut zu lesen beschrieben.0 von 0 Kunden fanden die folgende Rezension hilfreich. Loved the series...Von rennmaus21and finished it in know time, especially in this book the story of Marc and Patty got my heart, I fell so in love with Marc and his attempts to win over Patty. It is nice to read the pov from the different characters, not just focus on only one woman or man....

She is known to bust out and dance if Its Raining Men starts beating through the air and heaven forbid you get a margarita in her, protect your legs because they may be humped. Once she started commuting for an hour and twenty minutes every day to work for three years, she began to have conversations play in her head, real life, deep male voices and dainty lady coos kind of conversations. Perturbed and confused, she decided to either see a therapist about the hot and steamy voices running through her head or start writing them down. She decided to go with the cheaper option and started writing enter her first novel, Caught Looking. Now you can find the spicy, most definitely on the border of lunacy, kind of crazy lady residing in Colorado with the love of her life and her five, furry four legged children, hiking a trail or hiding behind shelves at grocery stores, wondering what kind of lube the nervous stranger will bring home to his wife. Oh and she loves a good boob squeeze!
