**Von Sasha L. Miller : *Playing with Shadows* (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised *Playing with Shadows* (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Nice fantasy storyVon QuerleserA suspenseful Fantasy story with greedy demons, corrupt priests, dark secrets and a hero. I really liked that the story doesn't end with an overly rushed HEA, but that the romance is more an afterthought and the

fight against the demons is the main theme.

KurzbeschreibungCorin is nearly done with his term amongst the priests. In a matter of months, he'll be able to return home and leave his miserable days in the temple behind him. He's tired of lazy priests and tired of stories of demon shadows that move of their own volition. Then Corin starts to see things, and the priests begin to act strange, and he begins to wonder is he losing his mind, or are the shadows more than they seem? This story was written for the Love is Always Write event at the M/M Romance Group on GoodReads. Note that this book is a free read offered by Less Than Three Press. We are working to price match this book to the \$0.00 price offered at other retail locations. All proceeds from this book before matches the price will be donated to The Point Foundation, an LGBT scholarship foundation that provides financial support to at-risk gay and lesbian students.
