Absolutely needlessVon Ulrike Vogel.....to say that Frost, along with Whitman, is the outstanding American poet.
Having made it a ritual to read a poem a day (I claim it also keeps the doctor away), I enjoyed the e-book lightness of taking complete works along, even though I still prefer the touch and look of real books.1 von 2 Kunden fanden die folgende Rezension hilfreich. Groartig!
Von Kindle-KundeSehr schne Gedichte von dem wohl besten amerikanischen Poeten"I just took the other wayAnd that made all the difference!"Bob, ich liebe dich!Als Poet stehst du fr mich auf einer Stufe mit Bert Brecht.Kennengelern habe ich Dich in "Down by Law".Es ist einfach genial, wenn Roberto Benigni dich auf italienisch rezitiert.

KurzbeschreibungThis present volume from Coyote Canyon Press republishes all three of Robert Frost's first collections originally published in the United States by Henry Holt and Company, New York. In 1913, Robert Frost published A BOY'S WILL, his first collection of poems, a series of sharply rendered scenes of New England rural life. A second volume, NORTH OF BOSTON, followed in 1914 and contained some of Frost's most brilliant and best-loved works: "Mending Wall," "After Apple-Picking," "The Death of the Hired Man," "Home Burial," and "Birches." In 1916 Frost followed up these two volumes with MOUNTAIN INTERVAL, which included many of his most moving poems: "An Old Man's Winter Night," "The Hill Wife," and "The Road Not Taken." The explanatory notes reveal Frost's complex relation to modern and classical poetic traditions, his knowledge of science and philosophy, and his tremendous ear for the rhythms of English, which enabled him to write the finest blank verse since Milton.
