Von David Eddings, Leigh Eddings : Polgara the Sorceress before purchasing it in order to gage whether or not it would be worth my time, and all praised Polgara the Sorceress:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. The book's dry sense of humour makes it recommandable.Von Ein KundeI really liked the book because Polgara is such a

strong character. Sometimes she has to work around the attitude of the people who think that women do not understand politics and the way she does it is brilliant and hilarious. The book is written with such a dry humour, I always have to laugh when Polgara casually speaks about another few decades passing. Sometimes she (as a disciple from one of the good gods) has to go out and try to beware the races in the west of the scheming of the disciples of the bad guy (it's more politics than religion, really) and her solution is highly entertaining. The attitude of those people she deals with is amusing and the reader agrees with Polgara rolling her eyes at them. A little drawback is the fact the authors never fully explain the whole background story. I read this book without knowing anything about the others and it takes a little while to get used to but the most important things ARE explained. I think the book like "Belgarath the Sorcerer" is written to complete the series because they never tell you about the final "EVENT". I just finished "Belgarath..." and decided to read "Pawn of Prophecy" to get to know detailed information of Polgara's last "charge". I might read the whole series if they keep their dry sense of humour! I still like to recommend this book to people who don't want to read the other books because Polgara is a great character and the book mostly makes you want to laugh out loud although it has its sad moments. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Very, very well done, Pol Von Oliver Naujoks Finally, the saga is complete and this book doesn't disappoint at all. It is, off course, very similar to "Belgarath the Sorcerer". People who read the other books by David Leigh Eddings will love it, for everyone else, let me warn you: The book takes its time to get into high gear and many things that Pol writes about are hard to understand for people who haven't read the other books. So, for those of you, you can subtract two stars from my rating. For Eddings-fans, this is a must-read: We finally learn how Polgara guarded the Rivan line and it is a fascinating concept that someone has to take care for a blood-line for 15(!) centuries, staying with that family for so long, always seeing people get born, grow up and die. Very sad, but a fascinating idea. For everyone who has read "Belgarath the Sorcerer" here's a valuable hint: Have the Belgarath-book close by when you read Polgara's story. It is absolutely fascinating to read the same events from two perspectives. A hint to the publisher: How about putting those two books together in one single (very thick) volume in a cross-cut style switching always from Belgarath to Polgara and back? 1 von 1 Kunden fanden die folgende Rezension hilfreich. Well done but not significantly new Von Richard The writing quality and character development were, as usual, unique to the Eddings and quite satisfying. There were convincing new insights into Polgara's personality and the character of her mother. The problem with retelling essentially the same story (Belgarath the Sorcerer) is that only the most dedicated fans (the real marketing target?) will fully appreciate the retell of the story - regardless of the fact that the point of view is fresh. If there had been more new ideas introduced or startling clarifications in this rewrite of the same history, then it would have been considerably more satisfying. [Yes, my review appeared at another bookseller's website last year]

Kurzbeschreibung The last and most amazing volume in the legendary Belgariad series: the story of the queen of truth, love, rage and destiny, Polgara the Sorceress. The queen of truth, love, rage and destiny reveals all. Polgara the Sorceress is the crowning achievement of the great fantasy epic which began with The Belgariad and continued with The Malloreon. Once again David and Leigh Eddings display the epic imagination, humour, and storytelling power which have made this series the most popular fantasy of modern times. In the story of Polgara, a beautiful woman whose constancy and inner power have been the foundation of all the luck and love that have saved the world, the full truth of The Belgariad is revealed. From Kirkus s Already a runaway bestseller in the UK, this latest doorstopper fantasy from the husband-and-wife team expands upon the events encompassing two huge five-book sagas, The Belgariad and The Malloreon, plus a sequel-cum-companion volume, Belgarath the Sorcerer (1995). This enormous tome focuses on Belgarath's daughter Polgara, the 3,000-year-old shape-shifting sorceress, and her tumultuous world of magic, one-eyed evil gods, kings, swords, orbs, and whatnot. Neither sequel nor prequel, but--what? Postquel? Omniquel? (Radio satellite tour) -- Copyright 1997, Kirkus Associates, LP. All rights reserved. From Library Journal A sorceress reminisces on her proud life in this final volume in the authors' best-selling sf series, "The Belgariad" (e.g., Belgarath the Sorcerer, LJ Copyright 1997 Reed Business Information, Inc.
