OBSESSION AND MARRIAGEVon Pamela FoleyFirst off, I thought the use of a digital picture frame to fill in back story was a pretty unique approach. With each new batch of pictures, we advance through the timeline and are also shown the deterioration of Brett's obsession with porn. I must admit, at the beginning, I thought Nicky was a little

overboard with her concerns about the magazines and VHS tapes. Most households have them. When I was younger, my parents had pornographic comics. And of course, us kids found them, and reading them didn't cause any degenerate behavior. I also thought the daughter's reaction to accidentally seeing a porn film was over dramatic and unrealistic. But that particular scene helped set the stage for Brett's willingness to hide and lie about his addiction. The plot line was well-constructed and flowed along, keeping me engaged. The characters were well-developed and I enjoyed watching how Nicky grew and had to make the hard decisions regarding her relationship with Brett.. Talking about one's sexuality is a touchy subject. One person's concept of deviant behavior may not be another persons. But the bathroom scene was enough to convince me that Brett definitely had a problem. All in all, a very good read and I give it 5 feathers.

Kurzbeschreibung Fun Intense Hot Compelling Thought Provoking, and So Real you may find it Shocking, even Disturbing. Inspired by an episode on Oprah from years ago that dealt with men addicted to porn, a dream, and information from 8 women's lives, Portrait of Our Marriage, is a story you don't want to miss. Nicky, embarks on a journey to find herself and become her own person despite the legacy of a domineering father and an emotionally and often physically distant husband. Reminiscing events from her life, she looks at pictures and remembers romance, falling in love, marriage, and family. This is the story of one woman's life as her husband's interest in pornography becomes an obsession that ultimately changes both of them. Although this is a fictional memoir and only one woman's journey, many women today deal with this issue in silence, feeling ashamed and embarrassed. What would you endure for love? **THE ROMANCE WILL SEDUCE YOU. THE STORY COULD BE YOURS!** Nicky led a sheltered life until she met Brett: An adventurous, handsome, smart, and exciting lover. She had never known this kind of love before, either emotionally or physically. She pictured her life with Brett as a partner, a friend, and a father to her future children. And when they married, Nicky knew she had found everything her heart and body desired. But when Brett's fantasy world of racy magazines, explicit videos, and disturbing internet porn becomes an obsession and affects their marriage, Nicky has to ask herself: What happened to the man I married?
