Von David Simpson : Post-Human Omnibus Edition (1-4) (Post-Human Series) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Post-Human Omnibus Edition (1-4) (Post-Human Series) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen6 von 6 Kunden fanden die folgende Rezension hilfreich. excellent

Science-Fiction Von Booklover If you are interested in the fate and possible development of humanity and AIs, this bundle of books will be great to read! You will learn the fate of several characters and how they influence future history. Each step forward is more fantastic than the last and you will find yourself immersed in worlds that capture your interest. I loved this bundle of 4 books although it took me a while to read! Some parts are a bit hard to understand because of the mathematical and computer-related facts but even if you are no genius (like me) you will get the story! I would have put the last story (human plus) not at the end because it tells the reader (Spoiler!) how the AI came to be, but it was still gripping and I loved every part. Sometimes the turns happen so fast, and the characters act like superhumans *g* that you will find yourself turning the pages faster and faster. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Ein Blick in die Zukunft und mögliche Szenarien Von Peter Monien Die ersten 4 Teile haben mir sehr gut gefallen. Unterschiedliche Szenarien, wie AI und beeinflussen wird und wie wir uns als Menschheit entwickeln werden. Spannend, kurzweilig und nachdenklich machend. Wie können wir uns auf die Zukunft vorbereiten? 0 von 0 Kunden fanden die folgende Rezension hilfreich. nicht schlecht geschrieben, aber grausig Von superwaugi Der Autor hat einen guten, Schreibstil, spannend, gute Dialoge. Allerdings wird die Geschichte schnell ziemlich grausig (Folterszenen, Massengenozid). Ich bevorzuge, dass Spannung auf andere Art erzeugt wird.

Kurzbeschreibung Watch the Award-Winning, science fiction Post-Human Short Film: post-humannovel.com. "Wow! Reads like an action film is reeling off in your head!" -JOANNA DANEMAN [#1 HALL OF FAME] [AMAZON VINE VOICE REVIEWER] (for Sub-Human). "Fantastic series, download and start reading right now!" -Mark Draper [TOP 10 AMAZON REVIEWER] [BOOK](#)

DESCRIPTION: David Simpson's bestselling and award-winning Post-Human science fiction adventure series has been downloaded on the Kindle over one million times in the last three years, delighting readers with a blend of thought-provoking philosophy, cutting edge and speculative science fiction, and high-octane, action-packed suspense, mystery, and adventure. Readers have compared it most often with the works of science fiction master Isaac Asimov and have delighted in turning pages filled to the brim with all the best that science fiction and cyberpunk have to offer, like nanobots, A.I., androids, post-humans, cyborgs, and a cast of likeable characters, suspense, and star-crossed love that you won't be able to resist. Ready to get hooked by this science fiction suspense thriller? Then download the Post-Human adventure and experience it for yourself! [BOOK 5 \(INHUMAN\) AVAILABLE:](#)
