perfectVon masterThis book is one of the best i ever read. The story is very capturing, the characterdescription of the unusually hero (he is deaf) and heroine is made wonderfully and this author has done a great job with this book. 5 stars are not enough. Buy it read, it but, be sure no one will desturb you.0 von 0 Kunden fanden die folgende Rezension

hilfreich. Good story Von Anita Ziegler That's what really could happen. It shows some difficulties of a life without hearing, but who understands so much by lipreading. A nice love story and a woman with strong feelings and a strong familiar background. It shows a little bit the worth of sign language, a beautiful language. Like butterflies in the air and feelings in the expression.

Kurzbeschreibung Benjamin Prescott Roth is his own man. Everything he has -- possessions, wealth, prestige, recognition for his accomplishments -- he earned. On his own. His deafness never defined him, but his father's rejection did. "You'll never amount to anything..." Every accomplishment has been to prove his father wrong. Then a redheaded beauty puts him in his place, and Benjamin Roth is a lost man. Jewell is breathtaking, feisty, intelligent, independent, and so much more than an assistant to him. She is everything Benjamin needs, but never knew he wanted. She gets past his walls without even trying. She makes him happy. But the fantasy can only last so long. When the foundation of his life crumbles, Jewell is there. Holding his hand. If his life is a lie, if every battle has been for nothing, if he can't accept who he really is, how can she? When the truth is a lie, what is there to offer her?

ber den Autor und weitere Mitwirkende Gail R. Delaney has been actively writing 'for publication' since 1996. The first novel she ever wrote is still sitting on her computer, waiting for the major rewrite that will make it acceptable. She says she has learned a great deal since writing that book, and it shows when she looks back at that rough draft. Gail has had several novels published in the genres of contemporary romance, romantic suspense and futuristic romance. Her novels have received several nominations and awards since she was first published in 2005. Gail and her family recently moved from the cold and blustery east coast to Southern California, and is loving every moment of sunshine she can soak in -- without risking a sun burn.
