Von Alexandra Ivy, Nina Bangs, Hannah Jayne, Dianne Duvall : Predatory (The Sentinels Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Predatory (The Sentinels Series):

A mixed bagVon Helen HancoxCollections of short stories can often be a mixed bag and this one is no different. It contains four stories which have nothing to link them except for their genre (paranormal romance) and it made for a rather disjointed-feeling book.The first story, Out Of Control by Alexandra Ivy, was the best of the bunch. It follows PhD student Angela Locke whose sexy professor turns out to be rather more than a scientist - instead he is a Sentinel, set to protect her because she isn't a normal mortal. But others are after Angela and Niko has to kidnap her to keep her safe - but will she be able to live the life now required of her?The second story, Ties that Bind by Nina Bangs, was just too unrealistic for this reader. Cassie Tyler takes over a shift at the funeral home on behalf of her friend and soon finds herself dealing with zombies and more. I didn't really get into this story at all.In Still Darkness by Dianne Duvall is apparently part of a series and I found it a little difficult to get into. Richart is an immortal but finds himself drawn to Jenna, a woman he rescues from vampires and who gets drawn into the fight between Richart and his compatriots. I enjoyed aspects of this story but there was a large cast of characters which was difficult to keep tabs on in such a short story.The final story, High Stakes by Hannah Jayne, just didn't fit into this anthology. The tone and feel of the story were very different, not helped by it being even more unrealistic than most. I couldn't get into the fashion competition angle at all either.In summary, this is an anthology like many others - loosely connected stories, no congruence between them, pot luck on quality. None of the stories were gripping enough to inspire me to search out more by these authors, but they did entertain in their own way so this book might well appeal to some readers.Originally published for Curled Up With A Good Book Helen Hancox 2013
