Yes, this is series of the Sons of Fenris MC is going to be phenomenal. Tabitha Vallins has been kicked around and abused all her life going from one foster home to another. The only thing that made it barrable was Finn her protector. But four years ago that changed and Finn took off to save her from himself. So for three weeks now she has worked at the strip club Skin waiting for Finn to come, see she was a latent wolf and she wanted to shift so if he bit her.... Walla!!! Finn McCaffrey couldn't believe Tabitha was there. He had to get away from her. Knowing she was latent and what she wanted he wanted to run again like the 1st times run as fast a he could. It's the only way to protect her from his Fenris Wolf. I was gifted this ARC for an honest and truthful review.
