KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Neuer Ort...neue Tiere !!!Von Mister MadelDie Idee einen Laufsteg ber den Regenwald in Borneo zu machen ist wirklich gut

in diesem Buch umgesetzt. Aber wenn die Kreaturen zuschlagen, ohne irgendeinen Hinweis woher sie stammen, kann ich nicht so einfach schlucken. Handwerklich gut umgesetzte Charaktere. Ist wohl auch der Beginn eines Dreiteilers. Wenn es auf Deutsch kommt kaufe ich es nochmal.

KurzbeschreibungA giant boardwalk has been resurrected high up in the Indonesian rainforest canopy, offering guests stunning, spectacular, and unparalleled views of the rainforest. However, the boardwalk is incomplete and in need of more funding. The creator, John Corstine, assembles a group of potential investors for a weekend tour of the boardwalk. Little do they know that high up in the rainforest canopy, they are being watched, but more importantly, they are not alone.ber den Autor und weitere MitwirkendeMichael Esola is an adult author as well as a children's writer.
