Von Cat Kalen : Pride's Run before purchasing it in order to gage whether or not it would be worth my time, and all praised Pride's Run:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. a good read for younger and older adultsVon WaDiChriI liked the story very much. The heroine is very likeable, the actions of all characters are reproducable and even if the end is not surprising, the story itself is very good told. So why do i give only 4 Stars? The whole story is written in the present tense. Some parts of the book do really good with this,

others I had to read several times to understand, why there was suddenly a past tense involved. In my opinion the book would have been better if the author would have followed the main stream and written everything in the past tense. Otherwise I can recommend this book.

Kurzbeschreibung Eighteen-year-old Pride is a tracker with a hunger for blood. Taught to trick, seduce and to lure, she is the perfect killing machine. Kept leashed in the cellar by a master who is as ruthless as he is powerful, Pride dreams of freedom, of living a normal life, but escape from the compound is near impossible and disobedience comes with a price. When she learns her master intends to breed her she knows she has to run. Pride soon learns if she is to survive in the wild, she must trust in the boy who promises her freedom, the same boy she was sent to hunt.
