Were back in Wild Lake, Michigan with the Wild Lake Wolves, each wolf pack has their own Alpha all around the woods and lake. Then we have the shifty Congressman Landon Foster and his assistant Dale Thorpe are trying to rob whoever they can for their own gain. Abigail Winslow aka. Abby from Great Lakes University of Law has been asked to intern with Congressman Foster which is good for her career. Abby was good at her research didn't trust Thorpe when he asked her to check on some land. Something sounded fishy to Abby but then her dislike for Thorpe could have something to do with it. Or was it? Sebastian Lanier was an Alpha who had his hands full with Poachers leaving leg traps on his land. He knew who was involved he couldn't prove it but he just knew. Dale was a bad werewolf. Bas turned and was eye popping, speechless here she was, unbelievable. I was gifted this ARC for an honest and truthful review. 0 von 0 Kunden fanden die folgende Rezension hilfreich. liebe es Von Erin Ich schreibe diese Bewertung in Englisch, weil das Buch in Englisch geschrieben ist: I got this ARC for a honest review. The other books in this series were very good, but this one is even better. Couldn't stop reading because I wanted to know what was going to happen next. When Abby meets Bas on her first day of work the sparks fly between them, but she can't explain them. Also she isn't in for a relationship, she needs this job to get out of the trailer park she lives in. But she is used by her boss, he is sending her to Bas again and more heat is on. But she still resists. When she finds out a secret which would help her boss, but destroy the future of the werewolves, Abby has to tell Bas about it. Even if this is a bad choice career wise, this because she does have feelings for Bas. And she can't hold back what she knows after meeting his "family" Sizzling hot moments between, tension because of the evil guys and a bad werewolf. Lots of action. Also love the fact you can read this book as a stand alone. But why not read the other books in this series too? You will not be disappointed. Looking forward to read more from this writer and in this series.

To keep from stabbing myself (or them) in the eye with a fork during all of that, I also started writing down the stories in my head. All on my own time, of course ;) Turns out, I'm a sucker for hot, alpha male shifters and kickass heroines. Now, I've thrown away my shingle (er - more like burned it in a fire pit) so I can devote my time to bringing you sizzling, erotic, paranormal romance stories. If you like hunky, bad boy shifters, women who know what they want in and out of the bedroom, panty-melting sex scenes, and edge of your seat

suspense, I've got you covered! We'll put the rahr in erotic romance (okay, okay, that sounded better in my head).
