Wow!Von Ein KundeThis is one of the best novels I've read in a long time. It features the most original treatment of

vampires that I can remember seeing (who ever would have thought of a vampire who feeds on dream essence? Well... OK, so at least one person thought of it...). The story itself may be fascinating, with two vampires who are the last of their race, sibling rivalry, and a gutsy woman who gets caught in the middle, but it's also an absolute scorcher of a romance. Read this one wearing asbestos! Oh, one last word of warning. You spend 9/10ths of the book loathing the villain, but.... Well, I'm not going to give away the ending. You want to find out, buy the book! It's worth it! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Spark the imagination!!! 4 1/2 Stars!!!! Von Ein Kunde I read this book when it first came out, 2 years ago, but it still sticks in my memory and has been relegated to one of my favorite books. I don't like to give 5 star ratings because you never know about the next book...but this book deserves at least a 4 1/2 star rating! Susan Krinard writes a wonderful story that is obviously well thought out with dynamic characters and page turning plots. The sexual tensions are usually so thick, one can cut them with a knife. This story makes you stop and think...hmmmm...I know this is impossible, but what if.... That is what makes good fantasy, great. And Prince of Dreams IS great. If you are looking for a good read and not just "fluff" definitely pick up this book. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Interesting and different - a mix well worth the read. Von russellc@just.gov.ab.ca Generally, I do not read vampire books as I have no interest in them but I am always looking for a different read. Something out of the ordinary that still seems real enough to accept. I think the emotional components in the story allow for this sense of acceptance. You get drawn in by the characters of whom were well thought out and constructed. Each one pulled me in with a strong emotional impact. I hated the bad brother, and yet at the end of the story I wanted to read more about Adrian. With any luck Susan Krinard will tell his story too.

Kurzbeschreibung San Francisco psychologist Diana Ransom can't take her eyes off the gorgeous, green-eyed stranger. But when she finally approaches him across the smoke-filled room, her reasons have little to do with the treacherous feelings he inspires. Diana suspects that this brooding, enigmatic man is responsible for the disappearance of her fragile young cousin. Desperate to find her and determined to plumb the mystery behind Nicholas Gales' hypnotic charm, Diana will follow him into the velvety darkness and awake to a haunting passion. For Nicholas is no mere human but a vampire with the power to steal into a woman's dreams and fill her nights with untold rapture. And soon, blinded by an ecstasy sweeter than any she has ever known, Diana will find herself risking her eternal soul for a love that promises to be forever. From the Paperback edition.
