 Von Ein Kunde
 This was a great book. I have always been fascinated by wolves and this book was everything I was hoping it would be when I bought it. I really like the romances that have the sexual tension, love, caring, and not every page dedicated to sex scenes. There was a good story line to this - good development of the characters where you found out a lot about them and understood and could feel what they were feeling. Krinard's descriptions made you see things very clearly in your mind. You found yourself compelled to keep reading to see what would happen. I have since picked up her other two books - Prince of Wolves and Touch of a Wolf and can't wait to start reading them. Unfortunately, the guy on the cover of Prince of Dreams has put me off from buying the book, but if the two other Krinard's books are as fantastic as Prince of Shadows, I will buy it eventually. Prince of Shadows is a wonderful book and one that shouldn't be missed. Susan Krinard has definitely earned herself another devoted fan.
 1 von 1 Kunden fanden die folgende Rezension hilfreich. Werewolves will never been seen in the same light again
 Von Dana Shull
 This is the book that got me into reading Krinard's other werewolf tales. This one, unfortunately, was the best. Prince of Wolves is far too slow moving and takes too long to get one into the characters' heads. In "Prince of Shadows" however, I fell for physically scarred Alex as quickly as I fell for the emotionally scarred Kieren. This is a good book both from the werewolf point of view and for the romance. I loved it. The only werewolf romance I have read that I think is better, was "The Passion." That, however, fell just a bit short in the sensual area. That is where "Prince of Shadows" surges ahead.

 Von Geisha X
 Ich lese gerne paranormal, mag es aber nicht gerne zu romance-lastig oder gar kitschig. Daher war ich ja skeptisch, da Susan Krinards Werwolf-Serie schon viel Romance in der Handlung haben soll. Und die Handlung ist diese: In ihrer Kindheit hatte Alexandra Freundschaft mit einem Wolf geschlossen, daher hat die Frau mit den Narben im Gesicht und der schweren Vergangenheit, heute noch mehr fr Wlfe als fr Menschen brig. Zrck in der Blockhte ihrer Kindheitstage versucht sie in ihrem heutigen Beruf als Wolfsforscherin nachzugehen, als sie einen grossen schwarzen Wolf, der fast aussieht, wie der mit dem sie sich damals angefreundet hatte, vergiftet auffindet und mit nach hause nimmt, um ihn zu pflegen. Und am nchsten Morgen wacht sie auf und ein nackter, gutaussehender Mann liegt neben ihr. Kieran ist ein Werwolf mit Gedchtnisverlust. Er hofft, dass Alexandra ihm helfen kann, seine Erinnerung wiederzufinden. Umso wichtiger wird dies als er des Mordes verdchtigt wird. Ja, dies ist eindeutig ein sehr romancelastiges Buch. Dennoch kann ich der Autorin zumindest zugute halten, dass sie schreiben kann und einen Sinn fr tiefgehende Charaktere abseits des blichen Einerlei hat. Zudem flt sie das Buch gleich mit zwei von einer harten Vergangenheit gequulten Hauptpersonen. Sicher, einige Teile der Story - besonders das Ende - erscheinen ein wenig arg an den Haaren herbeigezogen, aber wen das sehr strt, der liest wahrscheinlich sowieso besser keine Werwolf-Geschichten. Alles in allem eine handwerklich gut verfasste paranormale Liebesgeschichte, die selbst mir nicht-Romanceleser gefallen hat, Werwolf Romance - Fans drften begeistert sein.

Kurzbeschreibung
 A rising star in the fantasy romance firmament, Susan Krinard returns to the land of the bestselling Prince of Wolves in this mesmerizing new love story. The legend of the werewolf is reborn in this thrilling tale from the author who "set(s) the standard for fantasy romance" (Affaire de Coeur). Wolf researcher Alexandra tries to help a gorgeous wolf she discovered in the wild, only to discover the unimaginable: that the animal has vanished and a man has taken its place. Following a grisly murder, the weight of suspicion falls heavily on Alexandra's mysterious companion who wields legendary powers--and soon both are scrambling to escape. From the Paperback edition. From Library Journal
 Returning to her childhood haven in the Minnesota woods, wolf researcher Alexandra Warrington, facially and psychically scarred, is seeking solace and peace; what she finds instead is a dream from her past and a choice. A reluctant werewolf hero, a heroine who is stronger than she believes, and a crazed villain combine in this tale of murder and self-discovery. In returning to the uniquely drawn world of the loup-garoux seen in her initial Prince of Wolves (Bantam, 1994), Krinard has created a story that, although not quite as passionate, is tighter, features more well-developed characters, and leaves fewer unanswered questions. Fans will be waiting for this one. Krinard lives in Concord, California. Copyright 1996 Reed Business Information, Inc. Pressestimmen
