**Von Ciar Cullen : Private Dancer (Mayan Epilogues Book 1) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Private Dancer (Mayan Epilogues Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Mayan PrologueVon Kindle CustomerFirst of all, this is just the prologue of the Mayan Epilogue series the title suffix hints at.The background is interesting and has potential: The dark gods of the Mayan pantheon have unleashed the powers of Xibalba (underworld), a disease has wiped out most of humankind. Survivors are recruited by the army, no matter if they are fit for service or not, and sent on assignments to find the source of the disease so that the remaining scientists can extract the much needed serum.One of the Mayan gods, Shield Jaguar, attempts to help the humans and has already chosen his champions, Dustin and Cliff, for a battle which (we're only given the itinerary here) is going to take them into the Mayan Underworld, Xibalba.Unfortunately, the characters don't show equal potential. They remain flat

and act for the most parts erratically, unconvincingly. The "night of romance" squeezed in at the end is not only awkwardly written and wouldn't shock a nun, it's also ill-timed and out of place considering the circumstances. Also, the male characters didn't really come across as men.

Kurzbeschreibung At the end of time and deep in the Mayan jungle, a Sergeant's cold heart is melted by an enchanting recruit. After The End, Sergeant Cliff Romans rag-tag unit trudges in the sweltering heat on a pointless mission. One in three people worldwide has already died of the virus, but troops are sent to likely hotspots to collect biological samples. In the shadows of Mayan ruins, Private Dustin Huang is a fish out of water, drafted into hell. A skilled, artful ballet dancer, Dustin finds a little solace in the enticing form of his Sergeant. Death itself seems to stalk the unit as they near the purported entrance of Xibalba, the Mayan Underworld. But a royal presence from antiquity intervenes to help save the mortals and usher in the next cycle for humanity. What mysterious force pushes Cliff and Dustin together?
