Von Silvia Violet : Professional Distance (Thorne and Dash Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Professional Distance (Thorne and Dash Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. good funVon ColeOkay, the plot is rather predictable, but that doesn't mean that Professional Distance isn't enjoyable. In fact I had great fun reading it.Thorne and Riley/Dash are likeable characters, and I cared what happened to them on

their journey of finding each other. And they are both hot, in bed and out. The drama towards the end was short-lived - I could have done with a little bit more suffering for both of them, but that's me - I kind of like a good dose of angst and tension. I particularly enjoyed all the food talk (and what else food was used for) because I love cooking, baking ... you name it. I liked how this gave the book a slightly different note, and I would not mind at all reading more about these two characters.0 von 0 Kunden fanden die folgende Rezension hilfreich. Great Reed! Von KMS Good story, charming characters and hot hot hot sex - with the topping of an endearing love story. I liked "Professional Distance"! There is good character development and a well-balanced story/sex ratio in the book. You feel with both men and will love the end.

Kurzbeschreibung Book 1 of Thorne and Dash Next Book: Personal Entanglement Thornwell Shipton is wealthy, uptight, closeted, and an incurable workaholic. A tragic love affair left him terrified of relationships, so he tells himself sex is better scheduled and paid for. Riley Dashwood is young, easy-going, and comfortable in his own skin. He's a passionate baker and an aspiring chef, working as an escort to save up for culinary school. They're clearly made for each other. When Thorne hires Dash, it's lust at first sight. After a few scorching nights together, both men start to wonder if what's between them is more than physical, but their age gap and resistance to romance make them afraid to change their professional relationship to a personal one. Dash pushes Thorne to admit he wants things he's denied himself for years. Kinky things. Soft, caring things. Things that force him to open his heart, not just his body. To move forward, one or the other must take a risk and ask for what he really wants. 66,000 words, 289
