hot can a short story be? Dont read when you are in public or have to face other people afterwards, because it is a story which can turn you on big time. How can a girl be so perfect? Looking sexy and being smart. At least smart with learning not with her attitude. She thinks she can do anything, but her professor shows her she is wrong. When she goes over the line he makes her stay after class and punishes her. First she doesnt take him serious and talks back, but soon he has all the control and shows her that punishment can be extremely hot and a huge turn on. This is a story which you can read again and again and it still is a hot one.

Kurzbeschreibung And now you know the difference between the pleasure of pain and the pain of punishment. Off the desk and down on your knees. It's time to evaluate your pretty little mouth. Show me if you are really worthy of an A. Ill have that pretty little redheaded brat sooner than she thinks. Ill be looking down on her cute painted nails and crimson lipstick. She may have had all of the other students in her before, but shes never had a real man. Shes infuriated me since the beginning of school with her incessant sarcasm and complete disregard for the rules. Now shes legal, though, and Ill show her that detention will be the least of her punishments. I bet that she hasnt even had it in her back door. The little slut has everyone else wound around her finger, but not me. Ill show her what its like to take a man in every one of her holes, and I wont be gentle about it. I cant wait to see what she looks like with drool dripping down her chin. And the marks on her behind will be amazing. Crimson stripes along that pale skin to match her hair and lipstick. Shell be a good little pet after this afternoon. The story is intended for a mature audience! All characters are over 18 years old.
