Sehr spannender Romantic Suspense RomanVon TinaEin sehr spannender Roman für spannend-romantische Stunden.Die weibliche Hauptperson, die Privatdetektivin Rachel, ermittelt an einem exklusiven College, eigentlich im Auftrag eines US-Senators auf der Suche nach einem potentiellen Enkelkind, aber zudem auch im Auftrag der CIA. Aber sie ist nicht allein, ein weiterer CIA-Agent stellt ebenfalls seine Ermittlungen an, Elijah, mit dem Rachel vor Jahren eine Beziehung hatte. Die beiden verbindet aber noch mehr: Elijah war der einzige überlebende einer CIA-Aktion, bei der auch Rachels Bruder ums Leben kam. Aber wie? Das fragt sich Rachel und wird von ihrem CIA-Kontakt immer vertuscht. Doch auf dem Campus ist nicht alles so eitel Sonnenschein, wie es oberflächlich erscheint.Die beiden Hauptfiguren sind überzeugend charakterisiert, die Beziehung zwischen beiden wird sehr schnell geschildert samt allen Problemen. Rachel ist eine intelligente, eigenständige Person, die keine unnötigen Risiken eingeht und weiß, was sie allein machen kann und wann sie Hilfe benötigt. Sie ist weder super hart noch so eigensinnig, dass sie "zu bld zum überleben" ist, Extreme, die man sonst in vielen solchen Romanen findet. Auch Elijah ist sympathisch, tritt aber hinter Rachel zurück.Insgesamt ein spannendes Buch für einen (ent)spannenden Abend. Ich jedenfalls habe das Buch innerhalb weniger Stunden verschlungen - und werde gerne mehr von dieser Autorin lesen!

KurzbeschreibungEverything Has A Price. . . To dig up the truth behind the mysterious death of a senator's daughter, private investigator Rachel Anderson is going back to school. Passing herself off as a transfer student at the small, prestigious college the troubled girl last attended--funded by the powerful Shepherd's Cross Ministry--Rachel finds the secluded campus almost too idyllic, and the girls invited to participate in the "Eve's Circle" honors group too perfect. Too feminine. Too obedient. Not only obedient--completely submissive. . . . Especially Perfection Before long she realizes that some of the female students recruited to Shepherd's Cross have been abducted and brainwashed, not as the perfect wives Rachel imagined, but the perfect partners for men whose appetites are dark and sexual. But putting an end to the shocking operation requires more than just a cover--and it means trusting the brooding Elijah Trent, a CIA operative also working the campus from the inside. Together, they plan to expose the ministry's unspeakable secret, a crime which reaches outside U.S. borders and into the realm of pure evil. . . .KurzbeschreibungEverything Has A Price. . .
