Von Nikki Sex, Zachary J. Kitchen : Promises to Keep (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Promises to Keep (English Edition):

Stunning Team!Von Anna SalamatinFirst I would like to say how much this story touched meNikki Zachary came together with the perfect mix of their talents and experience to give us this incredible story of a promise made and all that happens before, during and after that promise is kept.The cast of characters are true to life and extremely well

developed. I could honestly see them and feel what they felt. From the very first chapters, my emotions became invested and I was hooked! I ran the entire gambit of laughing, being afraid, getting angry, heartsick and even teared up several times. And I loved it that our very own Andr'e Chevalier was given an honorable mention. (you rock Nikki)...Also, it is a fact that PTSD can happen to anyone who has any kind of a tragic life event, soldiers or civilian. (thanks Zachary)Dr. Jack Curren, USMC , serving in Fallujah, Iraq and Laura Wynn, widow of Robert Wynn, USMC Corpsmen, living in North Carolina have lived through their own separate brand of hell and survived. What Laura doesn't know is that hell isn't quite finished with her yet. It comes at her in the form of one Jonah Lacks, ex-boyfriend and OxyContin pill head. This is a story of these two people drawn together through letters, the comfort strength they draw from each others words in their little corners of hell to be able to go on, so when they finally meet 6 months later it seems like a natural, easy thing to continue where they left off with the friendship which soon blooms into a sweet romance and then love. But Jack soon realizes all is not well in Laura's life despite the up beat and pleasant front she puts up. And Jack, well, he has his own secret and wonders now if he's waited too long to tell Laura the truth of Bob's death leading up to the "promise." Can this relationship continue in the light of truth? ..And Oh Yeah! Don't forget about the ex-boyfriend, Josh the pill head who has become extremely unstable in his addiction and will stop at nothing to get what he wants. One person has already paid the ultimate price for getting in his way. Will Zack be next? I was reading into the wee hours with this one. I just had to finish, had to know what happened.....And by God, it was worth it! I absolutely recommend this book to both men and women as a must read!
