KurzbeschreibungThe prophecy has long been foretold and is the cause of deadly secrets woven into the fabric of time. Secret factions serve to undermine the foundations of peace and Paxton Holt is in the way and must be eliminated. Paxton accused of murder is thrust into a web of deceit and forced to go on the run. Someone is plotting against him and desperate to destroy the treaty between the Covenant of Light and Dark. But worse, this time Paxton has an assassin so deadly, that he knows he may never see his own child born. Danger stalks his every turn and the hunter becomes the hunted, threatened and outnumbered. As daylight turns to night, he battles not to just save himself but for the whole of humanity.
